BCC Agenda Date 3-9-2021

Your Stand on the Issue Oppose

### Comments

I ask that you remove the mask mandate. Other cities, counties and states are moving forward and leaving the right to make the health related decision of mask wearing up to the individual. Meanwhile Pinellas county continues to force compliance and play like they are parent and doctor to the citizens. Enough. It's gone on long enough. Remove the mandate. Stop forcing healthy people to pretend they are sick. Less government interference. Stop interfering with my health. You can't even imagine what this is doing to people with PTSD. Rape victims. People with mental disorders. Sensory disorders. Your written exemption doesn't help because other citizens are policing, shaming. Bullying. You have created division and despair for so many by letting this go on for so long. End the mask mandate. Please.

Topic Mask Mandate

BCC Agenda Date 3-9-2021

Your Stand on the Issue Oppose

Comments Please end the mask mandate for Pinellas County immediately. As shown by the improvement in numbers for our state, residents are acting appropriately to contain the spread. Continuing the mandate will bring prolonged suffering to children with sensory and autism issues, survivors of sexual assault and veterans with PTSD. It is time for residents to be empowered with making their own health decisions. Stop the mandate now.

Your Stand on the Issue

Comments

It's time to reverse the mandatory mask requirement and make it a choice. Florida has shown, as has Texas and S Dakota, that by not requiring extreme measures such as constant mask wearing and allowing businesses to remain open, that their methods have proven to work better than the tyrannical controls of NYS and CA. We now have vaccines and the cases of COVID have decreased. It's time to return to the people of Pinellas County, their freedom of choice concerning mask wearing.

I am pleading with you - please let adult people make their own health decisions. I strongly feel this is outside of the arena of the county commissioners. You have no right to force us to wear masks. Nor is there any constitutional law allowing you to force people to wear masks.

If someone wants to wear a mask - fine. Wear one. But don't make others participate in your delusion.

Masks do not work.

Masks cause many health issues.

You have no right to mandate this.

STOP THE MASK MANDATES.

I believe it is time to cancel this local state of emergency .

1. The survival rate from virus is high.
2. Comparing New York to Florida does not support lock downs or mask provide any benefit.
3. Superbowl did not produce "super spreader event"
4. CDC has suggested a. no mask, b. yes mask, c. 2 mask. Without any science.
5. Lock downs have created increase in suicides, alcohol and drug abuse.

Thank you,  
Ray Anderson

Topic: Masks  
BCC Agenda Date: 3-9-2021  
Your Stand on the Issue:

Comments:

I am writing to voice my concern over continued mask wearing. I do not see that on the agenda, only #6 which says public comment. So here is my comment "release us from wearing masks. Our own Governor views us as a no mask state along with Gov. Abbott of Texas and 12 other Governors. Months ago we heard that the BCC would vote to release us of this mandate only to have it continue. It is time. For the sake of humanity! Our children suffer not to be able to see people smile, or frown, or other facial cues. Extensive studies have been made in the past recognizing facial expression to be universal no matter your language, or lack of. Facial expression is GODLY! Do not deny us any longer of our God given rights. Pinellas county, be BOLD!! The time has come, it's been long enough." Thank You Patricia A Piro

Hello,

I am writing you today to ask that you please stop this insane mask mandate. It is far past time to lift this order. We are Americans, and we to my knowledge still live in a FREE country. This should be something that we as AMERICANS should be FREE to make the CHOICE to do.

Shots are out, the "cases" that you all love to tout at this point are so small that this is becoming insanity and making you all look like dictators over our lives!

We should be free to make the choice on whether or not to wear them. If someone wants to wear a mask, then fine, but for those of us who this has been very difficult to do because of our own health issues (such as asthma!) wearing a mask has been horrific.

There is zero science statistics that even show they work, zero. This whole thing has been based on a suggestion and not based on actual numbers.

Enough is enough, we do not live in a communist state.

Please stop this tyranny!

I am writing to urge you to do your part to make sure that mask-wearing is voluntary, not mandatory in our communities.

Many jurisdictions are basing their face mask policies on guidance from the Centers for Disease Control and Prevention (CDC). The CDC has flip-flopped its position on face coverings several times since March but is now recommending that everyone wear a mask in public. This recommendation is not supported by strong empirical evidence. Though there is science to support mask-wearing, there's also a preponderance of science showing that masks can cause considerable harm and are ineffective in preventing the spread of coronavirus. There is also no science supporting the use of masks by healthy individuals. So emergency orders that are being issued to help protect public health are actually hurting individuals' physical and emotional well being — and violating their basic human rights, constitutional rights and religious rights.

Evidence that masks reduce the transmission of viral respiratory infections within community settings is equivocal at best. A recent meta-analysis ([bit.ly/2VHaubd](https://bit.ly/2VHaubd)) that included nearly a dozen randomized, controlled trials and 10 observational studies found that there was no clear clinical or laboratory-confirmed evidence that masks prevent infection. Even the U.S. Surgeon General has noted that masks “are not effective in preventing the general public from catching the coronavirus.” ([bit.ly/31Dgdm5](https://bit.ly/31Dgdm5))

In terms of harm, studies show that wearing a face covering reduces blood and tissue oxygenation — which can be deadly — while increasing carbon dioxide levels. The use of masks can also increase the risk of infection and the spread of viral illness (particularly cloth masks), hinder detoxification that occurs through exhalation, impair the immune system, and cause a wide range of other physical and psychological issues. ([bit.ly/31Epv1e](https://bit.ly/31Epv1e)). Moreover, some masks have been found to contain known carcinogens, which put people at risk from inhaling toxic chemicals and having them come into contact with their skin.

There is no science to support the use of masks by healthy individuals, and the World Health Organization backed this up when it said, “WHO stands by recommendations to not wear masks if you are not sick or caring for someone who is sick.” Forcing healthy individuals to wear face coverings is a completely unnecessary intervention that dehumanizes their interactions with others. More important, it eliminates their right to make informed decisions about what risks and precautions they are willing to take.

It is unethical and unconstitutional to subject healthy, law-abiding citizens to measures that can result in physical and emotional harm and that impinge on their ability to move freely throughout society. For those with deeply held religious beliefs, mask mandates violate their ability to abide by natural law and follow their convictions to walk in faith, not fear. As such, the decision to wear a mask is a highly personal one and should not be universally mandated; measures that are meant to protect the community as a whole are not effective if they hurt individuals in that community.

Mandatory medicine and mandated interventions such as social distancing and mask-wearing have no place in a free society; citizens want to maintain the right to make responsible decisions about what is best for themselves and their

children based on their own unique circumstances. I urge you to do the right thing, stand for choice and protect all individuals by encouraging — not mandating — the use of face masks in the community. This policy can be bolstered by asking at-risk populations and those who are sick to self-quarantine, with society taking the best care of them possible.

Thank you for your continued leadership during these unprecedented times and for upholding the health and the rights of your constituents.

Sincerely,  
Sandra Hamilton

Topic Mandated Mask Wearing in Businesses

BCC Agenda Date 3-08-2021

Your Stand on the Issue Oppose

### Comments

There is no scientific evidence that wearing masks in businesses prevent the spread of viruses. I wanted to give the board an extensive list of these studies, however, to be brief, this statement is on the boxes that are sold. It is understood that some people feel mask wearing is "good" for themselves, but it is not their RIGHT to impose their false beliefs on the majority of the county's constituents who just want to buy something. Can the board explain the sense of mask wearing to be escorted to a table and being allowed to take it off in while at a restaurant table? What about children who breath stale air wearing masks while in school? This does nothing about virus control. It is more having to do with controlling people's rights. STOP MANDATORY MASK WEARING, it should be a choice.

My name is Diane Proios. I wanted to leave a comment regarding mask mandate but I'm not sure of the agenda item number. My big question is why are we still treating this as a pandemic when the mortality rate is less than .015? No one seems to be looking at the Coronavirus micron size. It ranges from 0.06- 0.14. The cloth masks that people are wearing are improperly fitted, not worn properly, and most likely aren't being washed. The N 95s don't even filter out this virus. They were really designed to stop the tuberculosis virus which is a larger virus. Hopefully some light can be shed on my questions.

Respectfully,  
Diane Proios

Topic STATE OF EMERGENCY

BCC Agenda Date 3-09-2021

Your Stand on the Issue Oppose

Comments End the SOE now. Too many people and businesses are being hurt by this mandate. A person has the RIGHT to chose whether they wear a mask or not. This is NOT up to the BCC or local officials. This is abuse of power. A year has gone by and enough is enough.

### Comments

i oppose the mask mandate. Masking should be a choice. 30 cases or less per week for multiple weeks in a row is an unreasonable number in a county of 1 million people. While other counties, cities and states are reversing their stance on masks. Pinellas county continues to force unconstitutional medical devices on its citizens. Why? Imagine being a rape victims. Someone who suffers from PTSD. Someone who is hard of hearing and reads lips. Imagine the stress you cause people who for whatever reason can not wear a mask while the other part of the public demands they put it on because its a "law". It is NOT a law. People are bulling and shaming those that can not wear a mask. you have caused division in the public arena for long enough. Remove the mask mandate. Reissue you SOE without it in there. REMOVE THE MASK MANDATE!
