Mission Statement

We connect Veterans and families with other Veterans and family mental health Counselors

Military Sexual Trauma

VCV are advocates for Military Sexual Trauma Survivors. We have broadcasts on MST specific issues.

Veterans and Family

Veterans Counseling Veterans understands family mental wellness is just as important as the Veteran.

Suicide Prevention

VCV supports Veterans, families, and friends who lost a Veteran to suicide. We provide workshops, training, and conferences to promote awareness and education. Suicide Prevention is Awareness, Intervention, and Postvention.

Diversity Equity and Inclusion

Veterans Counseling Veterans core belief is everyone's right to be healthy physically and mentally. We at Veterans Counseling Veterans provide an inclusive environment that is designed to help all who are in need.
