Direction of Inquiry	Report a Problem
Subject	Constitution of the US
Message	Please protect and honor the constitution of the U. S. Eliminate the mask rules that don't do anything but take away the freedoms that the constitution gives us. The only kind of person who would not do this is a person who is not smart enough or a demonic person who works for the devil. Almost all churches believe this. of course the Democrats are a greatly demonic group who believe in child abuse and human trafficking. I hope that is not you. I hope you are the not smart enough variety. It has already been shown that the Dems are responsible for cheating in the elections and probably did so in this co. Many will go to jail. Start showing that you have the guts to set a better agenda that respects the constitution.

Subject Mask mandates

Message Hello,

The governor lifted the mask mandates and covid restrictions. People aren't stupid they know this crap don't do anything to protect people. People are now getting sick and depressed because of these mandates. You are going to be held accountable for not lifting these restrictions if you continue them despite the governor lifting any restrictions.
