Interests & Experiences

State your background, including your education, work experience, civic or community organization memberships and positions, and any professional licenses or memberships, and explain how this applies to the function of the board, council or committee.

I have over 30 years experience in environmental and land use planning and natural resources management. Much of it was gained during the 80's and 90's when I lived in the Tampa Bay Region (Tampa) working on numerous Comprehensive Plans (county and city) and development projects. During that time I was an active member of Agency on Bay Management (TBRPC), National Estuary Program (served on Technical Advisory Committee), Cockroach Bay Aquatic Preserve Management Team, Hillsborough County Environmental Advisory Board, Bay Area Environmental Action Team, Past President of Tampa Association of Environmental Professionals, Past President of Tampa Audubon Society, Florida Audubon Society (Board member), and Phosphate Advisory Council. Since moving back to the area, I am President of St. Petersburg Audubon Society, Tampa Bay Conservancy (Board member), Agency on Bay Management, and the Shell Key Advisory Group. I am active in supporting St. Petersburg Parks and Recreation Department with advising on use of native plants to attract fauna. I have tried uploading my resume in both MSWord and Adobe Acrobat formats and both times it failed.

Interests & Experiences

State your background, including your education, work experience, civic or community organization memberships and positions, and any professional licenses or memberships, and explain how this applies to the function of the board, council or committee.

I am a Florida Native from Miami and have lived in the Tampa Bay area since 1987. Moved to Pinellas County when I was hired by the Pinellas County Sheriff's Office in 1988. I retired from there in 2015. During that time I was a supervisor, field training officer, a member of the Underwater Search and Recovery Team, a high liability instructor (firearms, defensive tactics, driving, etc.), and an inspector. I have a Bachelor's in Arts in Criminal Justice from Florida Atlantic University, Master's of Public Administration from Troy University in Alabama. I currently have a financial service business with Primerica with my office in Seminole. I hold a Florida State Life/Health/Variable Annuity license, securities Series 6, 63, 65 and 26. I also hold a recreational SCUBA diving license. I have been a boy scout leader with Troop 355 in Seminole, I am member of the Pinellas Park Civic Orchestra and Dunedin Concert Band. I enjoy camping, road and mountain biking as well as other outdoors activity which in someway has always involved the parks and wanting to preserve our resources. All of these activities I am involved in is related to parks and conservation. I scouting I have taught scouts about conservation and being outside in the various parks to enjoy what Florida has to offer. The personal camping in the state/county parks is needed to enjoy not only for humans, not just for recreation but conserving the habitat and resources as well. I have worked in the public sector for over half my life and feel this is a great continuation for this county I have lived in for 30 years which is one of the reasons I earned my MPA. The other reason for my MPA is to teach. Having my own business can allow me to be involved in this advisory board.

SUMMARY OF QUALIFICATIONS

More than thirty years' professional leadership experience in the direction and oversight of organization-wide operational programs and functional areas; motivating and coaching; planning and directing employee workloads, deadlines, and performance measures; budget development and allocation; and interaction with local and state government officials, as well as with the general public.

•Safety and Health Manager. Florida Department of Transportation, District Seven, Tampa FL since Feb 2014.

Coordinate the District safety and health programs. Responsible for implementation of loss prevention programs, identifying appropriate training programs for approximately 550 employees in six locations, and providing technical assistance and guidelines for District operations of Safe Work Practices. Supervise the District safety staff responsible for implementation, administration, measurement, audit, and evaluation of hazard control programs to minimize accidents and claims. Directly responsible to District safety advisory teams and leadership for anticipating, identifying, and evaluating hazardous conditions and practices, as well as developing hazard control designs, methods, procedures, and programs. Oversee the Confined Space Entry, Respirator Protection, Hearing Conservation, Motor Vehicle/Heavy Equipment Operations, Hazardous Energy Control, Bloodborne Pathogen, and Hazardous Materials Handling, Disposal & Hazard Communications programs District-wide.

•Senior Program Coordinator. Hillsborough County Government (Emer Mgmt), Tampa, FL Jan-Feb 2014.

Directly responsible for developing, coordinating, and implementing countywide outreach plans and training programs for disaster preparedness and emergency management. Responsible for coordinating with local partners to maintain response and recovery programs for natural, man-made, and technological disasters. Assigned to the county's Emergency Operations Center staff and Incident Management Team, and certified by the Florida Division of Emergency Management and the Florida Emergency Preparedness Association as a member of the regional Instructor cadre for EM and EOC training. Directly responsible for planning, coordinating, and implementing education and exercises within the county and the region, including scheduling public speaking engagements, seminars, and Emergency Management presentations.

•Emergency Management Specialist. Pinellas County Government (Emer Mgmt), Clearwater, FL 2010-2014.

Developed, coordinated, and implemented countywide plans, programs and systems for disaster preparedness and emergency management. Responsible for coordinating with local Municipalities, Fire Districts, and Law Enforcement agencies to develop and maintain programs for natural, man-made, and technological disasters. Assigned to the county's Emergency Operations Center staff and Incident Management Team, and certified by the Florida Division of Emergency Management and the Florida Emergency Preparedness Association as a member of the regional Instructor cadre for EM and EOC training. Directly responsible for planning, coordinating, and implementing education and training within the county and the region, including scheduling public speaking engagements, seminars, and Emergency Management presentations.

•Senior Risk Management Specialist. Pinellas County Government (Risk Mgmt), Clearwater, FL 2002-2010.

Seven-plus years' experience ensuring all Occupational Health and Safety training, inspections, and investigations were conducted and successfully implemented to prevent unsafe acts or conditions that could result in injury, occupational illness or loss of life. Supervised five Safety Specialists directly responsible for implementation, administration, measurement, audit, and evaluation of hazard control programs to minimize accidents and claims in an organization of nearly 3000 employees. Directly responsible to one dozen organizational safety committees and more than thirty department directors for anticipating, identifying, and evaluating hazardous conditions and practices, as well as developing hazard control designs, methods, procedures, and programs. Assigned as safety liaison to Pinellas County Highway Department, with daily duties including road, bridge, and drainage jobsite visits with, safety audits for, and OSHA-type training of all roadway construction, inspection, and maintenance crews. Oversaw the county government's Confined Space Entry, Respirator Protection, Hearing Conservation, Motor Vehicle/Heavy Equipment Operations, Hazardous Energy Control, Bloodborne Pathogen, and Hazardous Materials Handling, Disposal & Hazard Communications programs. Certified in air sampling and fit testing, as well as instructing CPR & 1st Aid, HAZWOPER, NIMS/ICS, MBTI, OSHA Outreach Training, and Forklift operation.

- Lieutenant Colonel (retired), US Army Reserve. Active Duty: 1986 through 1996, Reservist: 1996 through 2013.

Retired in June, 2013 with twenty-eight years' commissioned service as an Army Aviator, having spent the final three years serving as Director of Instruction in the Command and General Staff Officer Course for the Army Reserve throughout the southeast. Oversaw approximately 125 Instructors in more than twenty-five class locations across ten States plus the Commonwealth of Puerto Rico, leading and facilitating an extensive program of instruction based on Bloom's Taxonomy and the Experiential Learning Model for adult learners to examine current National Security lessons and develop tomorrow's military leaders. Directly responsible for the CGSS accreditation process and for conducting quality assurance visits in each class site, as well as managing train-the-trainer sessions in such subjects as Operational Planning, Decision Making, Political Science, and Joint Strategic Relationships. Previous assignments include service in Operation IRAQI FREEDOM as Battalion Operations Officer (responsible for Training, Planning, Intelligence, Safety, and Security), Small Group Instructor at the Aviation Officer Advanced Course, Company Commander, Maintenance Platoon Leader, Avionics Platoon Leader, and service in Operation DESERT STORM as Executive Officer for 300-person Aviation Maintenance Company.

- District Manager. Ferrellgas, the Tampa Bay region, Florida, 1996-2002.

Five-plus years' experience leading the Palmetto and Pinellas Park service districts. Directly responsible for the hazardous materials safety in both offices, as well as the training and job performance of 22 employees. Served more than 4000 propane gas customers across a five-county territory. Responsible for plan reviews, permitting new installations in compliance with NFPA-54 & -58 as well as applicable State and local code, and for servicing/maintaining existing accounts. Responsible to supervisors, co-workers, customers, and stockholders alike for all measurable areas of district performance, including sales revenue, customer satisfaction, service excellence, and budget management. Selected by senior leadership to conduct annual safety audits for neighboring districts to identify trends, recommend corrective actions, and ensure not only quality assurance but also process improvement.

- Test Preparation Instructor. Kaplan Education Centers, Tampa, Florida, 1998-2003.

Directly responsible for assessing customer skill levels, analyzing diagnostic test data, designing individual training schedules and concrete techniques for specific improvements, and maintaining a "students first" orientation in accordance with the Kaplan method to coach my customers in

focused mathematics and language study preparation for the GMAT exam during their bids to apply for graduate school.

- I have a Degree in History and Political Science plus an Undergraduate Certificate in Homeland Security from Saint Leo University. - I served in the United States Army as a Military Policeman, serving in Iraq from 2008-2009. - I am a member of the Oldsmar Historical Society - Member of the Disabled American Veterans, American Legion, Wounded Warrior Project, and Student Veterans of America Organizations - Member of the History, Political Science, Criminal Justice, Christian Universities, and Leadership National Honors Societies Preservation of our History is Vital as a Community, as a County, as a State, and as a Nation. It maintains the identity and the events that have transpired in our area. One cannot look to Tomorrow without remembering Yesterday. The same can be applied for Parks and other Conservation areas as they are recreational areas that preserve our Natural History. There is both the History made by humans, and the history made by nature. and Whether one is talking about 1 or the other, the same answers apply. Preserve the area and items, protect the atmosphere, and make sure they are available in a way for people to know of their existence, learn of their backgrounds, and to be able to enrich and enjoy in their benefits.

Interests & Experiences

State your background, including your education, work experience, civic or community organization memberships and positions, and any professional licenses or memberships, and explain how this applies to the function of the board, council or committee.

I have a passion for ensuring our city and county parks a recreation services truly meet the evolving needs of our citizens. One of my mantras is "maximum utilization" meaning, I hate to see empty, unused recreation facilities and work with other board member and members of the community to come up with creative ways to fully utilize existing assets. I have put this passion into action during my service for the city of Pinellas Park Recreation Board. I am most proud of pushing for automatic lights to come on at the various city basketball courts so that youth can play until 9PM even in the winter when it gets dark early. Providing positive recreation outlets to teenaged youth has reduced kids loitering around dark areas and potentially getting into trouble. Another point of pride is our new Teen Center which now has over 60 kids involved in a structured program instead of hanging out unsupervised elsewhere. The children are our future and we need to provide ways to engage them in their communities in a positive manner. I have also helped to bring about our wildly popular adult basketball league for people over 16. This is designed to give older teens and young adults a positive activity. My city recognized the fact that we tend to lose kids after mid-teen years when they age out of most programs so we are creating programs to help keep them involved and out of trouble.

Interests & Experiences

State your background, including your education, work experience, civic or community organization memberships and positions, and any professional licenses or memberships, and explain how this applies to the function of the board, council or committee.

I am a retired Medical Officer of the Commissioned Corps of the United States Public Health Service. I am a Board Certified physician with a specialty in Preventive Medicine and Public Health. I have a master's degree in public health. I retired from the US Department of Health and Human Services after working in research, health care policy, and program development. I bring to the committee: (1) My public health background includes some training in environmental health; (2) Since retiring to Pinellas County I have volunteered and served two terms on the Board of the Florida Botanical Gardens Foundation in Largo. I was chair of the Marketing Committee, coordinated the Facebook page, and worked with the Development Committee to identify funding for the Gardens via grants; (3) I have been a member of the Bicycle Pedestrian Advisory Committee of Forward Pinellas since 2012. A part of our advisory responsibility includes issues of importance to parks, including advisory work on trails such as the Pinellas Trail; (4) I am a Member of the Environmental Subcommittee of the League of Women Voters of North Pinellas County; and (5) I am a Certified Florida Master Naturalist. All of the above experience and training contributes to the knowledge and experience that I bring with me to the Parks and Conservation Resources Board.

CURRICULUM VITAE

Lynn A. Bosco, MD, MPH

2900 Cove Cay Drive, 5F

Clearwater, Florida 33760

lynnbosco@gmail.com

Phone: 727.530.4420

Summary

I am a retired public health physician, with many years of experience within the United States Department of Health and Human Services. Since my retirement I have worked to increase access to the outdoors through training, social media and volunteer work, as I believe this access serves a critical public health need. In addition to my public health experience, my areas of interest include writing for publication, social media, photography, marketing, program evaluation, and public-private collaborations. I've completed a series of non-credit online writing and photography classes through the University of Central Florida.

Employment

Commissioned Corp of the US Public Health Service: 8/1984-11/1/2010

Assignments

- Office of Behavioral and Social Sciences Research, Bethesda, MD
- Agency for Healthcare Research and Quality, Rockville, MD
- Food and Drug Administration, Division of Epidemiology and Surveillance, Rockville, MD.
- Applied Public Health Team (Emergency Response)

Which Boards would you like to apply for?

Parks and Conservation Resources Advisory Board: Submitted

Are you currently a Pinellas County resident?

Yes No

2 years

If you are a Pinellas County resident, for how long?

Are you registered to vote in Pinellas County?

Yes No

Are you currently serving on any Pinellas County boards, councils, or committees?

Yes No

If you are currently serving on any Pinellas County boards, councils, or committees, please name.

Do you have or hold any employment or contractual relationship with any business or any agency which is subject to the regulation of or is doing business with Pinellas County?

Yes No

If you have or hold any employment or contractual relationship with any business or any agency which is subject to the regulation of or is doing business with Pinellas County, please explain.

Do you serve on any state, regional or local government boards, councils or committees?

Yes No

If you serve on any state, regional or local government boards, councils or committees, please explain.

Are you current with all taxes and any other financial obligations?

Yes No

If you are not current with all taxes and any other financial obligations, please explain.

Have you been convicted of a Public Entity Crime? Public entity crime is defined by Florida Statute, sec. 287.133 as a violation of any state or federal law by a person with respect to and directly related to the transaction of business with any public entity or with an agency or political subdivision of any other state or with the United States, including, but not limited to, any bid, proposal, reply, or contract for goods or services, any lease for real property, or any contract for the construction or repair of a public building or public work, involving antitrust, fraud, theft, bribery, collusion, racketeering, conspiracy, or material misrepresentation.

Yes No

If you have been convicted of a Public Entity Crime, please explain.

Have you been convicted of a financial felony?

Yes No

If you have been convicted of a financial felony, please explain.

Have you ever been convicted of a crime against children or seniors?

Yes No

If you have ever been convicted of a crime against children or seniors, please explain.

Are you currently, or have you ever sued Pinellas County?

Yes No

If you currently, or have ever sued Pinellas County, please explain.

Have you ever been arrested, charged, or indicted for violation of any federal, state, county, or municipal law, regulation or ordinance? (Exclude traffic violations for which a fine or civil penalty of \$150 or less was paid)

Yes No

If you have ever been arrested, charged, or indicted for violation of any federal, state, county, or municipal law, regulation or ordinance, please explain.

Interests & Experiences

State your background, including your education, work experience, civic or community organization memberships and positions, and any professional licenses or memberships, and explain how this applies to the function of the board, council or committee.

I have worked in environmental land and water management, policy, and planning for almost 40 years.

MICHAEL R. BAUER, J.D., Ph.D.
5029 29th Avenue South
Gulfport, Florida 33707
(239) 272-1491
mrbauer606@gmail.com

Dr. Mike Bauer retired as the City of Naples, Florida Natural Resources Manager where he was responsible for all environmental matters within the City's jurisdiction. In that capacity, he coordinated with federal, state, and regional agencies, city council, and citizens' advisory groups. He established programs that included Naples Bay water quality testing, oyster reef restoration, seagrass protection, stormwater pond nutrient reduction, filter marsh construction, gopher tortoise restoration, fertilizer reduction, and artificial reef construction. Mike also created a City energy savings program and a Green Business program; he brought in over \$1 million in grant monies for City environmental projects. Mike served on committees and boards that included the Southwest Florida Land Preservation Trust (Gordon River Greenway), the Water Symposium Inc., Collier County Florida SeaGrant, and Florida Gulf Coast University's Everglades Wetland Research Park. He was a board member and president of the Southwest Florida Watershed Council, the Friends of Rookery Bay, Corkscrew Regional Ecosystem Watershed, the Water Enhancement and Restoration Coalition, and the Water Resources Advisory Commission of the South Florida Water Management District. He was also an adjunct professor at Florida Gulf Coast University.

Mike was a National recipient of the 2012 National Oceanic and Atmospheric Administration's Walter B. Jones Memorial Award for Excellence in Local Government. He was appointed by the Governor to the State of Florida Environmental Regulation Commission in 2011. He was the 2009 State Recipient of the Florida Local Environmental Resource Agencies Environmental Leadership Award.

Mike was a lead project manager with the South Florida Water Management District where he was responsible for funding watershed restoration projects stretching from Charlotte Harbor to Naples Bay. Prior to working for the Water Management District, Mike was the Southwest Florida Policy Director for Audubon of Florida. Before that, he was an adjunct faculty member and Ph.D. student at Virginia Tech where he taught environmental policy and planning courses.

Before beginning work on his Ph.D., Mike was an environmental law attorney and policy analyst for the Yakama Indian Nation of Washington State. He had legal responsibilities with respect to tribal natural resources within their 1.2 million acre reservation and extending over an area of approximately 11 million acres within which the Tribe has reserved Treaty rights.

Prior to earning a law degree, Mike was an assistant refuge manager with the U.S. Fish and Wildlife Service. His responsibilities involved management, planning and evaluation of natural resources on a federal barrier island/estuary coastal complex.

Mike has a Ph.D. in Environmental Policy, a J.D., a M.S. in Wildlife Biology, and a B.S. in Biology.

Mike has been a mountain man (backpacked in the Rockies, Cascades, Olympics, White, Green, and Adirondack Mountains); a cowboy (owned his own horse and saddle); and surfer (9 ½ ft. longboard in garage).

Interests & Experiences

State your background, including your education, work experience, civic or community organization memberships and positions, and any professional licenses or memberships, and explain how this applies to the function of the board, council or committee.

I have a masters of science in geologic oceanography from the University of South Florida College of Marine Science St Petersburg campus. My thesis work involved seafloor morphology and modeling change in response to high current events such as storms. I have a bachelors of science in geology with a concentration in coastal processes and restoration from the University of New Orleans. I am currently employed by the University as a hydrographer and research scientist, my primary work involves seafloor habitat mapping with a multibeam echo-sounder. I am also the projects lead multibeam data processor, I process and analyze the echo-sounder data to generate maps and figures for distribution to stakeholders and the general public. Please feel free to review our website <http://www.marine.usf.edu/scamp/> My background in coastal geology and morphology will aid in the board's goal to provide Pinellas County's citizens with the best possible parks. I will be able to provide expertise in coastal park plans and designs as well as storm water erosion, and general geomorphological aspects of projects. I will be an asset to the board in reviewing coastal park operations and procedures because of my understanding of coastal processes and how those processes shape our beaches and watersheds. My GIS mapping and figure creation skills will aid the board's mission of public education. Most importantly I am able to review and advise on changes to park infrastructure in a dynamic landscape. I have been a member of the Parks and Conservation Resources Advisory Board since fall of 2016 and I hope to have the opportunity to serve the community and county for another term.

Objective: To join and aid the Pinellas County Parks & Conservation Resources Advisory Board

Education

University of South Florida, Saint Petersburg, FL

M.S. Candidate in Geological Oceanography starting in the Fall of 2012

University of New Orleans, New Orleans, LA

B.S. Earth and Environmental Sciences, Concentration: Coastal Restoration and Management, 2011

Professional Development

American Association of Petroleum Geologists Short Courses: Caris geospatial software multibeam and backscatter processing, Sequence Stratigraphy for Graduate Students (SEPM, 1.6CEU), Carbonate Reservoir Geology (1.5CEU), Carbonate Seismic Sequence Stratigraphy (0.75CEU), Carbonate Depositional Systems (0.75CEU), Quick Guide to Carbonate Well Log Analysis (0.75CEU)

Honors/Awards

Eagle Scout, 2004; University of New Orleans College of Sciences Dean's List, Fall 2010, Spring 2011

Experience

Research Assistant: University of South Florida, Saint Petersburg, FL January 2015-Present. Plan and execute bathymetric surveys using a multibeam ultra-high resolution sonar. Lead Processor of the sonar data using Caris and Fledermaus software. Map, chart and figure creation using ArcGIS. Perform geologic analysis of newly mapped areas.

Research Assistant: University of South Florida, Saint Petersburg, FL March 2014-January 2015. Analyze data from tide gauges, GPS, and models to improve eustatic sea level estimates using mathematical computation and MATLAB programming.

Teaching Assistant: University of South Florida, Saint Petersburg, FL August 2012-Present. Assist in the teaching of "Introduction to Oceanography" and "Advanced Oceanography for Undergraduates". Plan lessons, create and grade assignments and quizzes, given autonomy to create and present a portion of the lectures. Plan, organize, and lead class field trips.

Science Mentor: Oceanography Camp for Girls, Saint Petersburg, FL May-July 2012-Present. General science mentoring of 8th grade girls, including field methods, and assist in leading field trips.

EMT for the State of New Jersey: 2011-2013. Provide emergency medical care and operate ambulance.

Ocean Lifeguard: Long Beach Township Beach Patrol, Long Beach Township, NJ 08008 2003-2010 Safeguarded beach patrons from danger through water rescues and informing and educating beach patrons about hazardous conditions and safety precautions and supported other lifeguards by providing rescue assistance.

SCUBA Search and Rescue Team: Long Beach Township beach Patrol, Long Beach Township, NJ 08008 2008-2010 Provide search and rescue services for Long Beach Township Beach Patrol when dealing with submerged victims. Trained in search patterns and rescue and recovery procedures.

IRB (Inflatable Rescue Boat) Driver and Crew: Long Beach Township Beach Patrol, Long Beach Township, NJ 08008 2008-2010

Certifications

EMT State of New Jersey, Ocean Lifeguard, ARC CPR/AED for the Professional Rescuer/Health Care Provider, ARC Administering Emergency Oxygen, ARC Emergency Response, ARC Bloodborne Pathogens Training, New Jersey Boating Safety Certificate, PADI Advanced Open Water SCUBA

Computer Skills

Completed two semesters of coursework focusing on ArcGIS 9.3.1, Experience with MATLAB. Multibeam sonar processing and charting with CARIS HIPS & SIPS and Fledermaus. Computer Aided Drafting and Design (CADD) 2D and 3D modeling, including SolidWorks 3D Modeling, Labview and basic C++ programming experience, Exposure to UNIX

Philanthropy

Give wax model plate tectonics demonstrations for science educators, students, and summer campers 2012-present; Volunteer EMT for New Jersey 2011-2012; Raised over \$6000 with Jackpot racing team for Leukemia & Lymphoma Society through Southern Yacht Club Leukemia Cup Regatta 2009-2014, Fundraised and participated in annual New Orleans Yacht Club Pink Ribbon Regatta to raise money for Louisiana Breast Cancer Task Force, 2009-2011, Participated in South Shore Yacht Club Pam Sintes Memorial Regatta to raise money for Crescent House Battered Women's Shelter, 2010 and 2011

Interests & Experiences

State your background, including your education, work experience, civic or community organization memberships and positions, and any professional licenses or memberships, and explain how this applies to the function of the board, council or committee.

I am excited for the opportunity to continue to support the economic and environmental goals of Pinellas County. With my career history, science/technical background, regulatory and policy experience with local land use, environmental regulations and comprehensive plans, and knowledge of environmental sustainability and resource management, I feel that I can continue to contribute to the Pinellas County Advisory Board. I have a diverse career history having worked at the state environmental regulatory agency - the Florida Department of Environmental Protection for six years; industry – as an Environmental Specialist/Senior Scientist at Florida Power Corporation (now DBA Duke Energy) and now Golder Associates, Inc. - where I managed large development projects in the power, manufacturing and mining sectors, managed the Tampa operations and now lead the power sector business line for the North American operations. I am currently an adjunct professor at St. Petersburg College and teach Sustainability in the Natural Environment - a curriculum focused on the business effects and mitigation of air, land, and water pollution, soil erosion and resource extraction, climate change, and threats to biodiversity within the natural environment. I have enjoyed my brief position on the Board and learning more about resource projects and opportunities in Pinellas County. I'm looking forward to using my long-term policy and science/engineering experience to review and comment on park or environmental lands plans/ designs and operations/procedures; participate in public education and ceremonial activities; receive citizen comment on parks or environmental lands with the goal of improving the parks and environmental lands of Pinellas County and ensuring the sustainability of essential services within the county. I am aware of the current economic and environmental goals (and challenges) of Pinellas County and have balanced similar challenges with and for major clients. I am proud to work to support and educate our community about the importance of the preservation of our parks and environmental lands. Thank you for your consideration of me for a third term on the Pinellas County Parks and Conservation Resources Advisory Board.
