The Transition period shall begin on the Commencement Date and continue until improvements are substantially complete, as further defined herein. Concessionaire shall subsequently take possession of the Premises and, if applicable, relinquish any County facilities occupied prior to taking such possession that the Concessionaire occupies pursuant to a separate agreement with the County, but not a part of the Premises hereunder. The following conditions shall apply to the Transition Period:

- (a) County's Best Interest. Concessionaire understands and agrees that County will be coordinating the transition of Concessionaire and the previous concessionaire during the Transition Period, and County shall act in County's best interests when determining the schedule and manner of all such improvements, and when determining how Concessionaire and previous concessionaire will transition into or out of any facility.

have against the other under such prior leases and agreements that may have accrued before the Commencement Date.

- (b) As County shall determine, County may allow Concessionaire to make use of such previously occupied office or terminal space as provided in a written Letter of Agreement signed by both parties during the Transition Period until County can give Concessionaire possession of the Premises. Such consent on behalf of the County may be given by the Airport Director.

SECTION 4: COMPENSATION

4.1 Compensation Defined.

All amounts which may be due from Concessionaire and payable to County under this Concession Agreement, or which are otherwise attributable to Concessionaire in connection herewith, shall constitute Rent for purposes of this Concession Agreement, whether such amount is described as compensation, additional compensation, interest, charges, fees, late fees, damages, liquidated damages, fines, civil penalties or otherwise, and whether such sum is calculated in a manner relating to square footage, percentages of gross revenue, fees in connection with uses, or otherwise.

4.2 Minimum Annual Guarantee and Percentage Compensation.

Commencing as of the date of Beneficial Occupancy, Concessionaire shall make Monthly Compensation payments to County for the full term of this Concession Agreement. Monthly Compensation shall be the greater of one-twelfth (1/12) of the Minimum Annual Guarantee (MAG) or Percentage Compensation, shown below in Section 4.2(c), based on Gross Revenue for the subject month or the adjusted amount as required under this Section 4.

Prior to the date of Beneficial Occupancy, the Concessionaire shall pay only the Percentage Compensation computed on the Gross Revenue of each unit of the Premises in operation or on the Gross Revenue of any temporary units in operation. The Minimum Annual Guarantee shall be as follows for the Term of the Concession Agreement:

(a)

Time Period	Minimum Annual Guarantee
• First Year of Beneficial Occupancy	\$1,224,700.00
• Second Year of Beneficial Occupancy	Ninety percent (90%) of the actual Compensation paid to County during the first year of Beneficial Occupancy, or one hundred three percent (103%) of the Minimum Annual Guarantee for the first year of Beneficial Occupancy, whichever is higher.
• Third through Tenth Years of Beneficial Occupancy, including Months following end of Tenth Year of Beneficial Occupancy (if necessary)	Ninety percent (90%) of the actual Compensation paid to County for the prior year of Beneficial Occupancy, or one hundred three percent (103%) of the Minimum Annual Guarantee for the prior year of Beneficial Occupancy, whichever is higher.

For any payment period of less than one calendar month, the Minimum Annual Guarantee shall be paid on a pro rata basis.

- (b) Minimum Annual Guarantee adjustment. Should total enplaning passengers at Airport decline by twenty-five percent (25%) or more in any one Contract Year, Concessionaire's Minimum Annual Guarantee for that Contract Year will be reduced in percentage proportionate to the percentage of passenger decline. Should such passenger traffic subsequently increase, Concessionaire's Minimum Annual Guarantee shall be increased by that same percentage proportionate to the passenger increase, provided that any such increase shall not exceed the original Minimum Annual Guarantee for that Contract Year.
- (c) Percentage Compensation. The Percentage Compensation shall be as follows:

<u>Product Category</u>	<u>Percentage Compensation</u>
News and Sundries	10%
Gifts and Souvenirs	15%
Books	10%

The office rental rate and the storage rental rate shall be \$20.00 per square foot per annum. The rental rate for office/storage space is subject to annual adjustment by the County.

4.4 Additional Compensation.

All other amounts due under this Concession Agreement, or which are otherwise attributable to Concessionaire in connection herewith, are additional Compensation under this Concession Agreement. Without limitation, such amounts shall at least include County advances. If County pays any amount on behalf of Concessionaire, whether in connection with security violations, fines, penalties, taxes, charges, fees or otherwise, such amount shall constitute an advance by County to Concessionaire, and Concessionaire shall promptly pay the same to County upon receipt of an invoice for the same.

4.5 Gross Revenue Defined.

Gross Revenue shall mean the following:

- (a) All Sums Included. Gross Revenue includes all sums paid or payable to Concessionaire for Retail and Food & Beverage concession services and for all ancillary activities allowed under this Concession Agreement, except for sums specifically excluded in Section 4.5(b) below, regardless of how any sum may be stated to the customer, how or where Concessionaire received the order. Without limitation, Gross Revenue includes all

revenues from the sale at Airport of any product or service, including Internet sales made as a result of shopping at the Airport, whether for cash or paid by credit card or otherwise, and whether wholesale or retail, regardless of when or whether paid for or not, together with the aggregate amount of all exchanges of goods, wares, merchandise and services for like property, or services at the sale price thereof, as if the same had been sold for cash or the sale price thereof, or the fair and reasonable value thereof, whichever is the greater.

NO deduction shall be made for the payment of franchise fees, franchise taxes, taxes levied on concession activities, facilities, equipment, or real or personal property of Concessionaire.

- (b) Specific Exclusions. There shall be no exclusions from Gross Revenue, except for the following:
- (1) The amount of any federal, state or local sales tax separately stated on the receipt and collected from the customer and actually remitted to the taxing authority.
 - (2) The amount of any sum received as insurance proceeds or a judicial judgment or settlement to restore damage to property of Concessionaire, or to restore a tangible loss, theft or conversion.
 - (3) The amount of any sale of Concessionaire's capital assets or trade fixtures.
 - (4) Any sums which represent discounts or rebates, so long as the amount of the discount or rebate is shown on the face of the receipt issued to the customer.
 - (5) Any items for which Concessionaire is reimbursed at actual cost therefor.
 - (6) Any items for which Concessionaire does not receive payment because of the complimentary nature of said service.
 - (7) Tips and gratuities actually paid to Concessionaire's employees.
 - (8) Manufacturers' and suppliers' volume discounts and rebates specifically related to goods purchased for the Airport.
- (c) Credit Basis Operations. Concessionaire may conduct part of its operation on a credit basis, provided however, the risk of such credit operation shall be borne solely by Concessionaire. Concessionaire shall report all transactions to County, both cash and credit, regardless of whether collected or not collected. No deduction shall be allowed for any write-offs or adjustments.
- (d) No Diversion. Concessionaire shall not divert, through direct or indirect means, including Internet sales, any of Concessionaire's business with Airport's customers to other locations of Concessionaire or its affiliates without including such transactions in Gross Revenue. Any such diversion of Gross Revenue shall constitute a breach of contract, and County shall have the right to immediately terminate the Concession Agreement or take other appropriate action upon determining that diversion exists or has occurred.

4.6 Payment.

Amounts due under this Concession Agreement shall be payable and due as follows:

- (a) Monthly in Advance. The following amounts shall be due and payable on a monthly basis, in advance and without notice or demand therefore, on the first (1st) day of each month during the term of this Concession Agreement, and shall be prorated on a per diem basis for any time period of less than one (1) month:
 - (1) One twelfth (1/12) of the Percentage Compensation using the Minimum Annual Guarantee as a basis for payment as provided in Section 4.2 above.
 - (2) One twelfth (1/12) of the Office and Storage Space Compensation and any other charge not otherwise addressed in Section 4.3.
- (b) Monthly in Arrears. Concessionaire shall furnish to County by the fifteenth (15th) day of each month a statement showing total Gross Revenue for the preceding month. With each monthly statement, Concessionaire shall remit to County, without notice or demand therefor, the portion of Concessionaire's Percentage Compensation payment derived through the end of the preceding month based on Gross Revenue, but only to the extent that such payment exceeds the Minimum Annual Guarantee payment made by Concessionaire attributable to that month. Such payment shall be prorated on a per diem basis for any time period of less than one (1) month.
- (c) Annually in Arrears. Within sixty (60) days of the close of any Contract Year, Concessionaire shall pay to County any balance due for Compensation of any nature attributable to that Contract Year. Without limitation, Concessionaire shall pay the balance due for Percentage Compensation, which is payable monthly, but computed on the basis of the Contract Year. If the amount of Percentage Compensation paid monthly during the Contract Year exceeds the amount due when computed on the basis of the Contract Year, then County shall credit the excess balance to Concessionaire's account against one (1) or more succeeding monthly payments. In the event this Concession Agreement terminates, and Concessionaire does not hold a subsequent contract against which sums can be credited, then County will make a payment of any excess balance due to Concessionaire. It shall be the duty of Concessionaire to make a claim of overpayment and resulting credit due.
- (d) Unpaid Fees and Charges. All payments required to be made to the County hereunder shall bear interest at the rate of eighteen percent (18%) per year from the date due to date of payment, if not paid within 15 days from the date due. Said interest shall be calculated on a daily basis and shall be due and payable when billed. In addition to payment of interest at said rate for any delinquency, an administrative fee of \$25.00 shall also be paid to the County for its additional accounting and recording expenses occasioned by such delinquent payments. In accordance with applicable Board of County Commissioners Resolutions or Board of County Commissioners approved Rules and Regulations, the Airport Director may waive the imposition of interest and administrative fees. County shall not be prevented from terminating this Concession Agreement for default in payment due to County pursuant to this Concession Agreement or from exercising any other remedies contained herein or implied by law.

- (e) No Set-offs or Deductions. All Compensation shall be paid without abatement, deduction, offset, or prior notice or demand, unless specifically provided otherwise by the terms of the Concession Agreement. The Concessionaire acknowledges that, through the date hereof, it has no claims against the County with respect to any of the operations of Concessionaire at the Airport, or any of the matters covered by this Concession Agreement or any other agreement it may have with the County, and has no right to set off or counterclaims against any of the amounts payable by Concessionaire to the County under this Concession Agreement or any other agreement it may have with County.
- (f) Accord and Satisfaction. No payment by Concessionaire or receipt by County of a lesser amount than the Compensation due hereunder shall be deemed to be other than on account of the Compensation due, and no endorsement or statement on any check or in any letter or other transmittal shall be deemed an accord and satisfaction, and County may accept such check or payment without prejudice to County's right to recover the balance of any Compensation, or to County's right to pursue any other remedy provided in this Concession Agreement or by law.
- (g) Payment Address. Concessionaire shall make all payments and provide all financial information to Airport at the following address:

St. Pete-Clearwater International Airport
Office of the Airport Director
14700 Terminal Blvd, Suite 221
Clearwater, FL 33762

4.7 Annual Certificated Statements.

No later than May 31 of each year during the term of this Concession Agreement, Concessionaire shall provide to the County a written annual certified statement certified by a senior financial officer of Concessionaire stating that in his or her opinion the Monthly Compensation payments made by Concessionaire to the County during the preceding year pursuant to this Concession Agreement were made in accordance with the terms of this Concession Agreement. Such statement shall also contain a list of the Gross Receipts, by month, location, and product category, as shown on the books and records of Concessionaire, and which were used to compute the Monthly Compensation payments made to the County during the period covered by said statement. Concessionaire shall have until July 31st to propose, in writing, any adjustments to the annual certified statement. No adjustments shall be made until Concessionaire has received approval from the County or its designated representative.

4.8 Audits.

Concessionaire shall maintain an internal control structure designed to provide reasonable assurance that assets are safeguarded from loss or unauthorized use, that transactions are executed in accordance with management's authority, and that the financial records are reliable for the purposes of preparing financial statements. Concessionaire shall prepare financial statements in conformity with generally accepted accounting principles, applying certain estimates and informed judgments, as required. The internal control structure shall be supported by the selection, training, and development of qualified personnel, by an appropriate segregation of duties, and by the dissemination of written policies and procedures. The County reserves the right to audit Concessionaire's books and records at any time for the purpose of verifying the Gross Receipts

and Percentage Compensation calculation hereunder for any period within four (4) years prior to such audit. If, as a result of such audit, it is established that Concessionaire has understated the Gross Receipts received from all operations at the Leased Premises by three percent (3%) or more (after the deductions and exclusions herein), the entire expense of said audit shall be borne by Concessionaire. Any additional Percentage Compensation due shall forthwith be paid by Concessionaire to the County with interest thereon at one and one-half percent (1.5%) per month or the maximum legal rate, whichever is greater, from the date such additional Percentage Compensation became due.

SECTION 5: USES AND OBLIGATIONS

5.1 Right to Operate Retail and Food & Beverage Concession Business.

Concessionaire shall have the exclusive right, privilege and obligation to use the Premises to operate Retail and Food & Beverage concession business including duty free sales and public vending sales at the Airport for the convenience of Airport customers, and to raise revenue for the Airport through the sale of goods or services.

5.2 Use of Premises.

Concessionaire, including all Concessionaire's franchisors, sublessees and licensors, will use the Premises solely for the operation of a Retail and Food & Beverage concession business to the exclusion of any other use unless approved of in advance by the County. Should a concept, franchise, license, or sublessee for portion of the Premises fail for any reason during the Term of this Concession Agreement, County shall have the right to cancel the Lease for that portion of the Premises. If a sublessee fails, but can be replaced within a reasonable period of time as solely determined by the County with an equally-qualified sublessee as solely determined by the County, then the portion of the Premises occupied by such sublessee shall remain a part of the Concession Agreement with the same terms, conditions, and expiration date as applies to the other portions of the Premises that were not replaced.

Concessionaire shall not engage in any other business activity at or on the Airport unless it is provided for by a separate written agreement with County. All franchise and/or license standards shall be met or exceeded. Copies of franchise and/or licensee standards and performance audit forms shall be submitted to County prior to the Commencement Date. Copies of inspections conducted by the franchise and/or licensing authority, or anonymous shopper service hired by said franchise or licensing authority, shall be submitted to County within ten (10) days of receipt by Concessionaire or any of its franchisors, sublessees and licensors.

- (a) **No Unlawful Use.** Concessionaire will make no unlawful, improper, or offensive use of Premises or any other area at the Airport. Without limitation, Concessionaire shall not suffer or permit the Premises or other areas at the Airport or any part thereof to be used in any manner, or anything to be done therein, or suffer or permit anything to be brought into or kept thereon which would in any way (a) violate any law or requirement of public authorities, (b) cause structural injury to any building or structure, (c) interfere with the normal operations of heating, air-conditioning, ventilating, plumbing or other mechanical or electrical systems, (d) constitute a public or private nuisance, (e) alter the appearance of the exterior of any building or structure, or (f) which may be prohibited by either party's insurance policies or any endorsements thereto.

- (b) No Interference or Unauthorized Activities. Concessionaire agrees to refrain from and prevent any use of the Premises or other Airport property that would interfere with or adversely affect the operation or maintenance of the Airport or otherwise constitute an Airport hazard, obstruction or breach of security requirements. Concessionaire will not annoy, disturb or offend Airport customers or other tenants. Concessionaire shall not engage in any unauthorized activities.

5.3 Menu, Products and Merchandise.

Concessionaire shall sell food and beverages, printed materials, sundries, gifts, and general merchandise to passengers, employees, and the general public in accordance with the terms and conditions contained herein. With respect to each concession location hereunder, Concessionaire shall offer the menu and items listed in Exhibit C (proposed menus and items to be attached), which menu and items shall be available at the specified location at all times. The menus and list of items approved for sale and the specific locations at which those menus and items will be offered as set forth in Exhibit C may from time to time be amended by the County. All pre-packaged offerings shall be dated with the date on which they were prepared. Concessionaire is granted the right to provide catering services to Airport tenants and users on a non-exclusive basis, including in-flight catering to airlines serving the Airport. The gross receipts from all catering performed using the Leased Premises shall be included in the calculation of Gross Receipts herein.

5.4 Use of Brands.

Concessionaire shall operate at the Airport and make use of the Premises using only the brand name or names proposed by Concessionaire and agreed to by County upon entering this Concession Agreement. Concessionaire shall not conduct operations using any other brand. The use of the brand or brands agreed to by County is a substantial and material condition precedent to entering this Concession Agreement due to County's space constraints, service requirements to provide adequate service to the public, and financial requirements, and shall not be changed except as may be specifically agreed to in writing by County in connection with Section 5.13.

5.5 Use of Public Spaces.

Concessionaire will have the right to use all public Airport areas as reasonably required for access to and from the Premises, and any designated parking areas, provided its agents, employees, suppliers, or guests abide by Airport Rules and Regulations and any other applicable laws or policies as they may be amended from time to time.

5.6 Service Standards.

Concessionaire shall comply with all Service Standards required by County for the operation of this concession business as set forth at Exhibit B. County may modify such Service Standards in writing as County may reasonably determine through its Airport Director.

5.7 Advertising.

Concessionaire may not advertise outside their respective concession areas, including the advertising of prices, and the dispensing of brochures, pamphlets or leaflets or like items whether for profit or not, except through County's Airport advertising concessionaire, or at the Premises consistent with requirements in the Service Standards as determined by the Airport Director. Concessionaire shall

only advertise Concessionaire's own business, and shall not advertise on behalf of any other business. Concessionaire affirms that its advertising shall be truthful, accurate and not misleading, and agrees to cooperate fully in any efforts by County to facilitate the same.

5.8 Response to Complaints.

Questions or complaints raised by customers or on County's own initiative or otherwise, may be submitted to Concessionaire for response. Concessionaire shall respond to the Airport Director and to any customer within two (2) business days, and thereafter promptly work toward a resolution of such questions or complaints. At Airport Director's request, Concessionaire shall meet with the Airport Director to review any complaints or concerns and shall promptly correct any deficiencies. The Airport Director's determination as to quality of operation or services shall be made in the Airport Director's reasonable judgment, and curative measures approved by Airport Director shall be implemented by Concessionaire as expeditiously as possible.

5.9 Liquidated Damages.

Concessionaire's failure to adhere to the operating requirements set forth in this Concession Agreement is reasonably anticipated to result in significant inconvenience to the public, adversely affect the overall commercial business of the Airport, and reduce the amount of Compensation to be paid to County. Additionally, County resources will be expended in dealing with violations of this Concession Agreement by Concessionaire. The parties hereby agree that total damages sustained by County for violations of the provisions of this Concession Agreement addressing the subject matter listed below could be significant, but would be difficult to determine and to track. Therefore, the parties hereto agree that the liquidated damages amounts, set forth below for violation of Concession Agreement terms addressing the referenced subject matter are reasonable estimates of the loss anticipated to be suffered or incurred by County. Concessionaire, therefore, hereby agrees that imposition of the liquidated damages set forth below is fair and reasonable and Concessionaire agrees to pay immediately upon demand by County the following amounts as liquidated damages upon the occurrence of breaches related to the following subject matter:

VIOLATION	LIQUIDATED DAMAGES
Operating Hours Violation	\$100 per hour or portion thereof, during which location is not open - first occurrence
	\$200 per hour or portion thereof, during which location is not open - second occurrence

Deliveries and Vendor Access Violations (including improper blocking of traffic lanes)	\$100 per occurrence
Aggressive selling techniques	\$100 per occurrence
Failure to Provide Documents to County in Accordance with Concession Agreement Requirements	\$100 for each and every calendar day of delay (notwithstanding any other remedies or actions provided for herein)

County's failure to impose liquidated damages for any violation of the requirements set forth above shall not waive any right, or prohibit County from doing so for subsequent violations.

Except for lease violations regarding the minimum hours of operation, the liquidated damages for which shall be incurred immediately and without notice upon violation, other liquidated damage amounts shall not be imposed unless the lease violation continues for more than three (3) calendar days after County has given Concessionaire written notice (and this written notice may be in the form of an email) of the violation; provided, however, after County has given Concessionaire notice of the same violation more than twice during any given Lease Year, the liquidated damage amount shall be immediately imposed with no opportunity to cure in order to avoid the sanction. Additionally, after two (2) lease violations of the same type in the same Lease Year, County reserves the right, at its sole option, not to impose the liquidated damage and instead seek any other remedies available to it for an event of Default, including termination of this Concession Agreement.

5.10 Airport Security.

Concessionaire acknowledges that security is of primary importance at the Airport, and that security requirements are likely to change during the term of this Concession Agreement. Concessionaire shall at all times comply with all federal, state and local security laws, regulations, policies, requirements and directives whether written or verbal, including, without limitation, 49 CFR Part 1542 "Airport Security" or any amendment or successor thereto, and Concessionaire will work cooperatively with County in connection with the same. Concessionaire understands and agrees that the same may impact Concessionaire's business operations and costs. Concessionaire further agrees that it shall be strictly liable for the payment of any civil penalties assessed against the Airport or Concessionaire relating to security, and shall be solely and fully responsible for any and all breaches of security and the consequences thereof resulting from the negligence or intentional acts of omission or commission of its officers, employees, representatives, agents, servants, subcontractors, consultants, contractors, successors, assigns, and suppliers.

Concessionaire shall be obligated to comply with all current and future County and FAA rules and regulations and policies and procedures in place for the Airport. Concessionaire shall be responsible

for obtaining all necessary Airport ID badges during the course of the term of the Concession Agreement. All costs for complying with security regulations shall be the sole responsibility of the Concessionaire. Any fines imposed by County as a result of Concessionaire's actions or non-compliance with rules, regulations, policies or laws shall immediately paid to County by the Concessionaire on demand by the County. The cost of obtaining an Airport ID badge shall be the sole responsibility of the applicant.

The County shall have complete control over granting, denying, withholding or terminating security clearance for selected Concessionaire's employees. Clearance is required for all employees upon being hired or assigned to the Airport.

Concessionaire shall not permit any employee to begin work until the County clears the employee through the mandated 10-year background check as well as all other background checks, and issued the necessary documents and ID badges in order to enter sterile areas

5.11 Safety.

Concessionaire agrees to take necessary safety precautions within its reasonable control and comply with applicable provisions of federal, state and local safety laws and building codes to prevent accidents or injury to any of its employees, agents, customers or others on, about or adjacent to the Premises or any parking areas. This safety requirement shall not relieve any contractor or consultant performing work for Concessionaire from complying with the safety requirements of its contract or applicable law. County may, but is not obligated to, stop Concessionaire's operations if safety laws or safe work practices are not being observed.

5.12 Assignment and Subletting.

County and Concessionaire expressly agree that Concessionaire shall not assign this Concession Agreement or any right or privilege conferred hereunder, either in whole or in part, or sublet all or any part of the Premises, unless County in its sole judgment consents to such an assignment or sublease. Any change in the control of Concessionaire (defined for purposes of this Concession Agreement as a sale or transfer of more than fifty percent (50%) of the ownership interests in Concessionaire) will be deemed an assignment for purposes of this Section. County shall have the right to transfer its interest in the Premises or this Concession Agreement at any time.

5.13 Licenses, Permits and Taxes.

Concessionaire shall comply with the following:

- (a) Licenses and Permits. Concessionaire will have and maintain in current status all federal, state, and local licenses and permits required for the operation of the business conducted by Concessionaire.
- (b) Taxes. Concessionaire agrees to bear, pay, and discharge, on or before their respective due dates, all federal, state, and local taxes, fees, assessments, and levies, including sales, franchise, ad valorem real estate, intangible, and personal property taxes, which are now or may hereafter be levied upon Premises, the leasehold, or upon Concessionaire, or upon the business conducted on Premises, or upon any of Concessionaire's property used in connection therewith.

5.14 Cooperation with Airport Development Activities.

Concessionaire understands and agrees that County is pursuing development activities that may affect the Premises and other areas at the Airport. Concessionaire agrees to work cooperatively and in good faith with County and participants in County's Airport development activities to minimize any disruptions, and provide for successful services under this Concession Agreement. If requested by County, Concessionaire will cooperate with and assist the Airport in the development and implementation of any plans, designs, operational matters, or transition matters that may arise in connection with such activities.

5.15 Wi-Fi Access.

Concessionaire may install a wireless communications network within the Premises for the use of Concessionaire, its employees ("Network"), subject to this sub-section and all other terms of this Concession Agreement. Concessionaire shall obtain written approval from County prior to installing the Network, such approval being at the sole discretion of County.

- (a) No solicitation. Concessionaire shall not solicit, suffer, or permit other concessionaires, occupants, visitors, or passengers of the Airport to use the Network or any other communications service, including, without limitation, any wired or wireless Internet service that passes through, is transmitted through, or emanates from the Premises.
- (b) Interference. Concessionaire agrees that Concessionaire's communications equipment and the communications equipment of Concessionaire's service providers and contractors located on the Premises or installed on the Airport to service the Premises including, without limitation, any antennas, switches, or other equipment (collectively, "Concessionaire's Communications Equipment") shall be of a type and, if applicable, a frequency that will not cause radio frequency, electromagnetic, or other interference to any other party or any equipment of any other party including, without limitation, County, other concessionaires, tenants, occupants, visitors, passengers, or any other party. In the event that Concessionaire's Communications Equipment causes or is believed to cause any such interference, upon receipt of notice from County of such interference, Concessionaire will take all steps necessary to correct and eliminate the interference. If the interference is not eliminated within 24 hours (or a shorter period if County believes a shorter period to be appropriate) then, upon request from County, Concessionaire shall shut down the Concessionaire's Communications Equipment pending resolution of the interference, with the exception of intermittent testing upon prior notice to and with the approval of County. Furthermore, the Network and related Concessionaire's Communications Equipment shall be installed and used within the Premises only, and at no other location on or about the Airport.
- (c) Non-exclusivity. Concessionaire acknowledges that County has granted and/or may grant lease rights, licenses, and other rights to various other tenants and occupants of the Airport and to telecommunications service providers for the installation of a Wi-Fi network and related equipment at the Airport.

SECTION 6: PREMISES RIGHTS AND OBLIGATIONS

6.1 County's Access to Premises.

County hereby retains the right for County and its agents, employees, suppliers, contractors, consultants and representatives to access and ingress and egress over, through, and across the Premises at any time.

6.2 County's Inspection and Repair of Premises.

- (b) **Maintain.** To perform maintenance or make repairs and replacements in any case where Concessionaire is obligated but has failed to do so after County has given reasonable written notice. If the work prescribed in the notice is not completed by Concessionaire in a manner reasonably satisfactory to County, and Concessionaire fails to correct such work within the time specified by County in the mailed notice, County may, at County's sole option, and at Concessionaire's sole cost and expense, enter upon the Premises and perform whatever work may, in the opinion of County, be required to correct the maintenance deficiencies. If County exercises this option, Concessionaire shall pay to County a sum equal to the direct cost of labor and materials expended for said work, plus a surcharge equal to twenty percent (20%) of said direct cost for administration.

6.3 County's Right to Relocate Premises.

County has the right to relocate or require the relocation of the Premises or any portion thereof at any time as County may determine in its sole discretion (the Substitute Premises) if necessary for the efficient operation of the Airport (for the sake of clarify, it being agreed that the efficient operation of the Airport shall not include accommodation for another operator). In connection with any such relocation, County shall pay the cost of Concessionaire's reasonable and necessary moving expenses as determined by the Airport Director. The Substitute Premises shall be comparable to the portion of the Premises from which Concessionaire has been relocated (the Original Premises) in size, configuration and exposure to enplaning passengers. If the Substitute Premises offered by County are not comparable, Concessionaire shall have the right to reject the Substitute Premises and in such event the Original and/or Substitute Premises shall be deleted from the Premises and the MAG shall be reduced in proportion to the ratio of total sales attributable to the Original Premises to total sales attributable to the entire Premises and County shall reimburse Concessionaire the cost of its unamortized improvements of the original space calculated on a straight-line basis. The County agrees to pay the cost to renovate the Substitute Premises to which the Concessionaire has been relocated up to the amount of Concessionaire's unamortized improvements of the original space calculated on a straight line basis, unless another amount is agreed to by the parties.

The County shall make every effort to provide utilities to the perimeter of the Premises or proximate thereto based on existing conditions at the Airport and the Concessionaire shall make such connections to the Premises as required and permitted by building code. Concessionaire agrees to pay for all other utility services and maintenance thereof for such services including but not limited to telephone, internet, other communication services, waste line maintenance, grease interceptor maintenance, and pest control, including deposits, installation costs, and service charges. No such payment of any additional utility charges shall constitute a payment of Compensation or credit against any other amount due under this Concession

6.6 Interruption of Services.

Concessionaire shall promptly notify Airport of any interruption of services to the Premises, and work cooperatively with County and any third party to facilitate the restoration of services. County shall not be responsible for any damages to Concessionaire's business arising from such an interruption of services.

- (a) **Concessionaire's Obligations.** Concessionaire hereby assumes full responsibility for the condition of the Premises and character, acts and conduct of all persons admitted to the Premises by or with the actual or constructive consent of Concessionaire or by or with the consent of any person acting for or on behalf of Concessionaire. If the Premises improvements, or any part thereof, are damaged in any way whatsoever, whether by act of God, by the act, default or negligence of Concessionaire, or of Concessionaire's members, agents, employees, officers, representatives, guests, invitees, contractors, patrons, or any person admitted to the Premises by Concessionaire or otherwise, Concessionaire shall, at its sole cost and expense, restore the Premises to the condition existing prior to such damage. Concessionaire shall commence such restoration within thirty (30) calendar days and shall diligently pursue such restoration to completion. Such repairs, replacements or rebuilding shall be made by Concessionaire in accordance with the construction requirements contained herein and as established by the County. If Concessionaire fails to restore the Premises as required above, the County shall have the right to enter the Premises and perform the necessary restoration, and Concessionaire hereby expressly agrees that it shall fully assume and be liable to the County for payment of the costs therefore, plus twenty-five percent (25%) administrative overhead. Such restoration cost, plus the administrative cost, shall be due and payable within thirty (30) calendar days from date of written notice thereof. Structural repairs require consent of the County.
- (b) **Right to Cancel.** If any of the improvements on the Premises are damaged or destroyed in whole or in part by fire or other casualty, Concessionaire may, subject to approval of the County, be relieved of the obligation to repair, replace or rebuild the same and have the right to cancel this Concession Agreement provided (i) Concessionaire shall provide the County written notice thirty (30) calendar days' notice prior to such proposed termination, (ii) the County approves such termination and (iii) Concessionaire pays to the County an amount equal to the amount of insurance that Concessionaire is required to have in effect pursuant to this Concession Agreement, plus (iv) the amount of any deductibles and/or co-payments (collectively, the Casualty Termination Amount"), and, upon, this Concession Agreement shall terminate and the Casualty Termination Amount shall be paid to and retained by the County. All fees and other sums due hereunder payable under this Concession Agreement shall be prorated and paid to the date of such termination. The receipt and acceptance Casualty Termination Amount of by the County under this Article 6.7 will relieve Concessionaire from any responsibility to restore the Premises to their former condition; provided, however, that Concessionaire expressly agrees, covenants and warrants that nothing herein shall serve to relieve Concessionaire of its liability for penalties or expenses associated with, arising out of, or in any way resulting from any impairment of or damage to the environment of the Premises and Concessionaire further waives any claim

against the County for damages or compensation, should this Concession Agreement be so terminated.

- (c) Insurance Proceeds. If the Concession Agreement is not terminated pursuant to Section 6.7(b), upon receipt by Concessionaire of the proceeds of the insurance policy or policies, the proceeds shall be deposited in an escrow account approved by the County so as to be available to pay for the cost of such repair, replacement or rebuilding. Such proceeds shall be disbursed during construction to pay the cost of such work. If the amount of such insurance proceeds is insufficient to pay the costs of the necessary repair, replacement or rebuilding of such damaged improvements, Concessionaire shall pay any additional sums required into the escrow account. If the amount of such insurance proceeds is in excess of the costs thereof, the amount of such excess shall be remitted to Concessionaire.
- (d) Termination Upon Destruction or Other Casualty. In the event the Premises, or any part thereof, shall be destroyed or damaged in whole or in part by fire, water or any other cause or if unforeseen occurrence shall likewise render the fulfillment of this Concession Agreement by the County impossible, then County, at its sole option, may terminate this Concession Agreement. Concessionaire shall pay all fees, rental, costs, and satisfy all of its obligations hereunder arising prior to the time of such termination, whereupon this Concession Agreement shall terminate and the parties shall be relieved of all further obligation hereunder other than those which expressly survive expiration or termination of this Concession Agreement. Concessionaire hereby waives any claim for damages or compensation should this Concession Agreement be so terminated.

6.8 No Liens.

Concessionaire covenants and agrees that nothing contained in this Concession Agreement shall be construed as consent by the County to subject the estate of the County to liability under the Construction Lien Law of the State of Florida. Concessionaire shall notify any and all parties or entities performing work or providing materials relating to any improvements made by Concessionaire of this provision of this Concession Agreement.

SECTION 7: CONSTRUCTION

7.1 Construction and Capital Investment of Leasehold Improvements

- (a) Concessionaire shall make a minimum initial Capital Investment of \$2.5 million dollars (\$2,500,000) in the Premises as stated in Exhibit D attached hereto and hereby incorporated by reference. Concessionaire shall also invest a minimum of \$50.00 per square foot in the mid-term refurbishment of each of the concession locations comprising the Premises during the midpoint year pursuant to Section 7.13. The cost of inventory, smallwares, soft costs, costs of doing business, and lost profits shall not be included in the calculation of Capital Investment and are not recoverable upon expiration, cancellation, or termination of the Lease. Later maintenance and ongoing refurbishment efforts shall be done as reasonably deemed necessary by County; however, work subsequent to that described in the first sentence hereof shall not be considered Capital Investment as defined in this Section.

The annual minimum amount for refurbishment and replacement beginning with Contract Year two shall be at least one-half of one percent (0.5%) of the prior year's gross revenues. Annual refurbishment and replacement shall include at least repair and replacement related to ordinary wear and tear of facilities and equipment.

- (b) Capital Investment plans, work sequence phasing plans, and cost estimates for construction as well as renderings of all Leasehold Improvement to be undertaken by the Concessionaire shall be submitted to the Airport for review and written approval. Once Concessionaire receives written approval for the submitted Leasehold Improvements and the Airport has issued a Notice to Proceed, the project to construct the Leasehold Improvements shall be considered an "Approved Project." Airport reserves the right to issue "Partial Approval" should conditions such as phasing require it. The Leasehold Improvement costs shall be fully amortized on a straight-line basis over the Term of this Concession Agreement. Mid-term refurbishment improvements to the Concession Premises must also be fully depreciated by the end of the initial Concession Agreement Term and documented as described herein. The final cost of all Leasehold Improvement items subject to amortization as defined in this Section, shall be certified to County by Concessionaire's Chief Financial Officer within ninety (90) days after installation on the Concession Premises, supported by receipts and lien waivers from the contractors used to design and construct the Approved Project (the "Certification").

All contract costs and any associated modifications shall be fully documented by Concessionaire and shall be available at all times for review by County. Documentation to be maintained by the Concessionaire shall include without limitation the following: (1) For lump sum work, bid results, certified applications for payment, estimates of the work used to award contract as applicable, recommendation to award contract to general contractor; (2) For cost reimbursable work, timesheets for billed labor, invoices for material and equipment and other needed documentation to support actual costs; (3) For costs associated with change orders, record of negotiations for lump sum change orders and supporting timesheets, invoices for material and equipment as applicable for any billings on allowances or cost reimbursable change orders approved. If the base contract awarded contains a combination of lump sum and cost reimbursable elements, applicable supporting documentation to each element shall be maintained for review by the County.

Failure to timely file the Certification shall relieve County of any obligation regarding unamortized investments otherwise provided for in this Concession Agreement. The Certification must clearly reflect the total Capital Investment claimed and the depreciation schedule per concession location for all Leasehold Improvements. The Certification shall be submitted within ninety (90) days of the completion of each Approved Project (each concession location making up the Concession Premises being a separate Approved Project), and Concessionaire shall during the Term hereof and for a period of three (3) years following termination retain all records in support of each Certification.

- (c) Capital Investment(s), and any obligation of County to Concessionaire for any unamortized Leasehold Improvements as may be provided in this Concession Agreement, shall be subject to the following conditions:

- County shall have the right to audit each Capital Investment Certification at any time during the Term of this Concession Agreement and for a period of three years following termination or expiration of the Concession Agreement.
 - In the event of an audit, any itemization of Capital Investment costs not supported by proper documentation, such as invoices, receipts, or canceled checks, shall be disallowed.
- (d) Any investments by Concessionaire in improving the Support Premises shall not be considered counted toward the minimum Capital Investment required hereunder and shall not be considered as part of the Leasehold Improvements, unless prior approved in writing by County.
- (e) All Improvements constructed or placed upon the Premises or New Concession Areas, excluding furnishings, equipment and trade fixtures, may become the absolute property of the County upon termination or expiration of this Concession Agreement and the County shall have every right, title, and interest therein, free and clear of any liens, mortgages or encumbrances.

7.2 Theme, Design and Decor

The theme, design and decor of each concession location shall not deviate from that which is in keeping with the Concessionaire's design as presented in their proposal and approved in writing by County staff. Any changes desired by Concessionaire shall be submitted in writing to County for approval. Changes that are made without approval will constitute a breach of this Concession Agreement. County shall have the right to reject or disallow any material or portion of Concessionaire's Work deemed not to be in accordance with Concessionaire's Approved Project plans or are deemed to be detrimental to the Airport.

7.3 Due Diligence

- (a) Within sixty (60) days from the Commencement Date of this Concession Agreement, Concessionaire should submit to County for approval the final plans and specifications for the construction of Leasehold Improvements to Concessionaire's concession location(s) comprising the Concession Premises.
- (b) Concessionaire shall commence construction of the Approved Project for each concession location within the timeframe set by the County in the Notice to Proceed letter, which timeframe shall not be less than thirty (30) days from the date the County issues the Notice to Proceed letter to the Concessionaire, and Concessionaire shall diligently proceed with construction so as to complete said Approved Project and open for business prior to reaching the maximum number of days allowed for construction by the County as stated in the Notice to Proceed letter (the "Substantial Completion Date") to achieve Substantial Completion of the Approved Project. If Concessionaire fails to so complete the Approved Project by the Substantial Completion Date due to no fault of the County, nor due to a force majeure event, the County shall have the right to assess against Concessionaire liquidated damages of up to \$1,500 per day for each day until Concessionaire achieves Substantial Completion of such Approved Project and is ready to open for business to the public, which liquidated damages shall be payable upon demand.

7.4 Condition of the Premises

Subject to the other provisions of this Section, Concessionaire agrees (i) to accept possession of the Premises in the condition that shall exist on the Commencement Date "as is" and "with all faults", and further agrees that, except for County's Work, County shall have no obligation, to perform any work or make any installations in order to prepare the Premises for Concessionaire's occupancy, and (ii) County and County's agents have made no representations, warranties or promises whatsoever with respect to the Premises, the rents, leases, taxes, or any other matter or thing, except as herein expressly set forth, and no rights, easements or licenses are acquired by Concessionaire by implication or otherwise except as expressly set forth in this Concession Agreement. Concessionaire represents and warrants that it is fully familiar with the Premises and has thoroughly inspected same.

7.5 Construction by Concessionaire

Concessionaire shall not erect any structures, make any improvements or modifications, or do any other construction work on the Premises, or alter, modify, or make additions, improvements, or repairs (except emergency repairs) to, or replacements of any structure now existing or built, or install any fixtures (other than trade fixtures removable without permanent injury to the Premises or improvements thereon) without the prior written approval of County as provided herein. In the event that any construction, improvement, alteration, modification, addition, repair (excluding emergency repairs), or replacement is made without such approval, or in a different manner than approved, County may terminate this Concession Agreement in accordance with the provisions for termination herein, or upon notice to do so, Concessionaire will remove the same, or, at the discretion of County, cause the same to be changed at no cost and to the satisfaction of County. - (d) Nothing herein contained shall be construed to grant or authorize the granting of an exclusive right forbidden by Section 308 of the Federal Aviation Act of 1958, as amended.

11.2 Property Rights Reserved.

This Concession Agreement and all provisions hereof shall be subject to and subordinate to all the terms and conditions of any instruments and documents under which the County acquired the land or improvements thereon, of which said Premises are a part, and shall be given only such effect as will not conflict with nor be inconsistent with such terms and conditions. Concessionaire understands and agrees that this Concession Agreement shall be subordinate to the provisions of any existing or future agreement entered into between County and the United States of America, or any of its agencies, relative to the operation or maintenance of the Airport, the execution the execution of which has been or may be required as a condition precedent to the expenditure of federal funds for the improvements or development of Airport, and to any terms or conditions imposed upon the Airport by any other government entity. This Concession Agreement will be subject to any ordinances, rules or regulations which have been, or may hereafter be adopted pertaining to Airport.

11.3 Right of Flight/Airport Protection.

- (a) It will be a condition of this Concession Agreement, that County reserves unto itself, its successors and assigns, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the real property herein described, together with the right to cause in said airspace such noise as may be inherent in the operation of aircraft, now known or hereafter used, for navigation of or flight in the said airspace, and for use of said airspace for landing on, taking off from or operating on Airport.
- (b) Concessionaire expressly agrees for itself, its successors, and assigns to prevent any use of Premises, which would interfere with or adversely affect the operation or maintenance of Airport, or otherwise constitute an Airport hazard.

11.4 Right to Amend.

In the event that the Federal Aviation Administration or Transportation Security Administration or their successors require modifications or changes in this Concession Agreement as a condition precedent to the granting of funds for the improvement of Airport, or otherwise, Concessionaire agrees to consent to such amendments, modifications, revisions, supplements, or deletions of any of the terms, conditions, or requirements of this Concession Agreement, as may be reasonably required.

11.5 Comply with All Laws.

In providing its services hereunder, Concessionaire agrees to comply at its own expense with all applicable laws of the United States of America, the state of Florida, County and other local authorities, and lawful rules and regulations promulgated by their authority, including the Federal Aviation Administration and Transportation Security Administration with reference to Airport security; and all applicable lawful rules, regulations and ordinances of County now in force or thereafter prescribed and promulgated by authority of law, specifically including all fire codes and security regulations, and all Airport Rules and Regulations as they may be issued from time to time.

11.6 Damage to Property.

Concessionaire shall be responsible for any and all damage to property belonging to County and/or County's tenants to the extent caused by an act or omission of Concessionaire or any of their agents or employees. Concessionaire shall be responsible for repairing any damaged property to the Airport's satisfaction and shall pay the costs thereof. Concessionaire shall promptly notify Airport of any such property damage, or other potential claims or losses relating to such property.

Any personal property of Concessionaire or of others placed in the Premises shall be at the sole risk of the Concessionaire or the owners thereof, and County shall not be liable for any loss or damage thereto, irrespective of the cause of such loss or damage, and Concessionaire hereby waives all rights of subrogation or recovery from County for such damage, destruction or loss. County shall not be liable for any damage or loss of any personal property placed or moved on to the premises.

11.7 Non-exclusive Remedies.

County's remedies under this Concession Agreement shall be non-exclusive.

11.8 Survival.

Any covenant or condition (including, but not limited to, indemnification agreements), set forth in this Concession Agreement, the full performance of which is not specifically required prior to the expiration or earlier termination of the Concession Agreement, and any covenant or condition which by their terms are to survive, shall survive the expiration or earlier termination of this Concession Agreement and shall remain fully enforceable thereafter.

11.9 Approvals.

Wherever this Concession Agreement requires Airport's consent or approval, such consent or approval may be given by the Airport Director or his designee. If Concessionaire requests a consent or approval pursuant to any provision of the Concession Agreement and County fails or refuses to give such consent, Concessionaire shall not be entitled to any damages as a result of such failure or refusal, whether or not unreasonable. Concessionaire's sole remedy shall be an action for specific performance or injunction, and such remedy shall be available only if County has expressly agreed, in writing, not to act unreasonably in withholding its consent or may not unreasonably withhold its consent as a matter of law and County has, in fact, acted unreasonably in either of those instances. In no event shall any consent, approval, acquiescence, or authorization by County be deemed a warranty, representation, or covenant by County that the matter approved, consented to, acquiesced in or authorized is appropriate, suitable, practical, safe or in compliance with any applicable law or this Concession Agreement, and in no event shall County be deemed liable therefore. Concessionaire shall be solely responsible for such matters.

11.10 Time of the Essence.

Time is of the essence in the performance of every covenant and condition of this Concession Agreement. Any reference herein to time periods shall refer to calendar days, and any time period provided for herein which ends on a Saturday, Sunday, or County or legal holiday shall extend to 5:00pm of the next business day.

11.11 Relationship of Parties.

Nothing in this Concession Agreement is intended to create or establish any relationship other than that of lessor and lessee, and nothing herein shall be construed to create or establish any partnership, joint venture or association or to make the Concessionaire the representative, employee or agent of County for any purpose whatsoever.

11.12 Force Majeure.

Neither County nor Concessionaire shall be liable in any manner for any failure or delay in the performance or fulfillment of any of its duties or obligations hereunder, other than Concessionaire's payment of rent and fees, resulting from any cause or circumstance beyond its reasonable control or reasonable ability to remedy, including, but not limited to, acts of God, federal or state laws, or

governmental regulations, orders or restrictions, war, war-like conditions, hostilities, mobilization, blockades, embargo or other transportation delay, detention, revolution, riot, looting, strike, lockout or other labor disputes, shortages of labor, inability to secure fuel, materials, supplies or power or because of shortages thereof, epidemic, fire or flood. In connection therewith, either County or Concessionaire desiring to rely upon this clause, when the cause arises, give prompt notice to the other party and, when the cause ceases to exist, shall give prompt notice to the other party. County reserves the right to allocate its resources as it, in its sole discretion, deems fair and equitable. Notwithstanding the above, the term of this Concession Agreement will not change by reason of this Section 11.12.

11.13 Notice.

All notices and elections (collectively, "notices") to be given or delivered by or to any party hereunder, shall be in writing and shall be (as elected by the party giving such notice) hand delivered by messenger, courier service or overnight mail, or alternatively shall be sent by United States Certified Mail, with Return Receipt Requested. The effective date of any notice shall be the date of delivery of the notice if by personal delivery, courier services or overnight mail, or if mailed, upon the date which the return receipt is signed or delivery is refused or the notice designated by the postal authorities as non-deliverable, as the case may be. Concessionaire's and County's obligations are solely to each other. This Concession Agreement shall confer no third party rights whatsoever.

11.15 Further Assurances.

Concessionaire shall execute any document or take any action in connection with the performance of this Concession Agreement, including providing estopped certificates, as may be reasonably required by County.

11.16 Severability Clause.

Every provision of this Concession Agreement is severable, and the illegality, invalidity, or unenforceability for any reason of any provision of this Concession Agreement shall not affect the legality, validity, or enforceability of the remainder of this Concession Agreement or any other provision thereof.

11.17 Covenants, Conditions, and Restrictions.

This Concession Agreement is subject and subordinate to the effect of any bond requirement, covenants, conditions, restriction, easement, mortgages, deeds of trust, ground leases, rights of way, and any matters of record now or hereafter imposed upon the Premises, and to any applicable land use or zoning laws or regulations. 11.21 Non-Waiver.

No waiver of breach by either party of any of the terms, covenants, and conditions hereof to be performed, kept, or observed by the other party will be construed as, or will operate as, a waiver of any subsequent breach of any of the terms, covenants, or conditions herein contained to be performed, kept, or observed by the other party.

11.22 Nonliability of Agents and Employees.

No officer, agent, or employee of County will be charged personally or held liable under the provisions of this Concession Agreement or because of any breach thereof or because of its or their execution or attempted execution.

11.27 Fiscal Funding

In the event funds are not appropriated by the County in any succeeding fiscal year for the purposes described herein, then this Agreement will terminate at the expiration of the last fiscal year for which funds were appropriated and expended, without any penalty or expense on behalf of the County.

11.28 Complete Agreement.
