Proposed Abstract (Project Scope of Work)	This one-time supplemental funding will be used to make strategic investments in health information technology enhancements to accelerate and improve our value-based model of care, improve our efforts to share and use information to support better decisions, and increase engagement in delivery system transformation. Pinella County is looking to support enhancements to our electronic health record through advanced auditing for meaningful use and/or the ability to share client information electronically with specialty providers for

	behavioral health and dental data.
Benefit Summary (How will this benefit the County, Dept, etc?)	Pinellas County's Health Care for the Homeless program, funded in part through the U.S. Department of Health and Human Services, Health Resources and Services Administration (HRSA), utilizes electronic health records and information sharing to seamlessly provide care and data capture for clients as well as streamline and track performance data and outcomes of the clients served. This one-time supplemental funding opportunity will allow the County to strategically invest resources to support health information exchange with other unaffiliated providers and organizations, that enables us to better engage the patients in their care, and coordinate care and enabling services with other providers and community partners.
