I am a resident of Bonnie Bay with kids that went to Rawlings and Pinellas Park Middle School. In my opinion putting low cost housing there on a walking route to and from a elementary and middle school is a mistake. Not to mention the lack of overseeing these properties to make sure they are clean and well maintained. I am worried about the people that move in after Habitat for Humanity is done vetting the family. This has been my home for 13 years and I am concerned this will have a adverse effect on the safety, beauty and value of the houses in my community. I strongly wish you to reconsider this site.

Thank you
