Description & Comments

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

Sitting as the Emergency Medical Services Authority, issue and renew Certificates of Public Convenience and Necessity (COPCN) for each non-medical wheelchair transport provider. WHC CLW LLC d/b/a zTrip and Rydepoint Medical Transport have completed applications and met the Authority's requirements to operate as non-medical wheelchair transport providers. Effective on July 21, 2026, and expires on June 30, 2027, the certificates approved during this time period will be renewed in June 2027 as part of the annual batch renewal process. There are currently nine firms providing non-medical wheelchairs, six firms providing non-medical wheelchairs and stretcher van, and two firms providing stretcher van transport services. The County is transitioning from a paper application to a new electronic system, and all providers have met the requirements.

There is no fiscal impact for certifications. Staff administration of the process is included in the annual operating budget for the EMS Fund.
