Description & Comments

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

Approval of the award of bid to Superior Mechanical Systems, Inc. for STAR Center AHU-1, 3, and 9 Replacements. The three units have reached their end of useful life. The budget for 004564A STAR Center AHU 138,154, 189 Replacement has \$875,000 budgeted in FY23 (proposed FY23 estimate is same). Note the \$875,000 budget consists of original FY23 budget of \$720,000 plus the carry forward amendment of \$155,000. Current expenditures and encumbrances total \$172,610 leaving a balance of \$702,390 which is sufficient to fund the award. The project is to be completed in 250 consecutive calendar days which could put completion in FY24. Unspent funds will be carried forward if needed.
