# <u>Credit</u>

## Wellness Allowance

United will provide a wellness allowance so Customer may enhance Customer's medical benefits during the term of the Agreement. The wellness allowance may be used at Customer's discretion as Customer utilizes wellness programming and services from United. This credit is available during the first year.

\$50,000 Wellness allowance in 2016

# **EXHIBIT B – PERFORMANCE GUARANTEES FOR HEALTH BENEFITS**

The Standard Medical Service Fees (excluding Optional and Non-Standard Fees and that portion of the Standard Medical Service Fees attributable to Commission Funds, if applicable, as described in Exhibit B), (hereinafter referred to as "Fees") payable by Customer under this Agreement will be adjusted through a credit to its Service Fees in accordance with the performance guarantees set forth below unless otherwise defined in the guarantee. Unless otherwise specified, these guarantees apply to medical benefits and are effective for the period beginning January 1, 2016 and ending on December 31, 2016 (Each twelve month period is a "Guarantee Period"). With respect to the aspects of our performance addressed in this exhibit, these fee adjustments are Customer's exclusive financial remedies.

United reserves the right from time to time to replace any report or change the format of any report referenced in these guarantees. In such event, the guarantees will be modified to the degree necessary to carry out the intent of the parties. United shall not be required to meet any of the guarantees provided for in this Agreement or amendments thereto to the extent United's failure is due to Customer's actions or inactions or if United fails to meet these standards due to fire, embargo, strike, war, accident, act of God, acts of terrorism or United's required compliance with any law, regulation, or governmental agency mandate or anything beyond United's reasonable control.

Prior to the end of the Guarantee Period, and provided that this Agreement remains in force, United may specify to Customer in writing new performance guarantees for the subsequent Guarantee Period. If United specifies new performance guarantees, United will also provide you with a new Exhibit that will replace this Exhibit for that subsequent Guarantee Period.

Claim is defined as an initial and complete written request for payment of a Plan benefit made by an enrollee, physician, or other healthcare provider on an accepted format. Unless stated otherwise, the claims are limited to medical claims processed through the UNET claims systems. Claims processed and products administered through any other system, including claims for other products such as vision, dental, flexible spending accounts, health reimbursement accounts, health savings accounts, or pharmacy coverage, are not included in the calculation of the performance measurements. Also, services provided under capitated arrangements are not processed as a typical claim; therefore capitated payments are not included in the performance measurements.
