Description & Comments

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

This contract amendment is for the relocation of a 16" reclaimed water transmission line as part of the Blind Pass Road from Gulf Blvd to 75th Ave project. The original agreement did not include reclaimed water line relocation.

The project is adequately budgeted within the Water Fund for the original agreement, but funds will need to be allocated to this project through an advisory amendment within the Sewer Fund from appropriation lapse in other projects.

This amendment only impacts the Sewer Fund and was not anticipated during the FY20 budget development process.
