I'm responding to Oak Tree Manor. I was at the last hearing. I still stand by what I said last time. To let the expansion happen. I would rather have a quite and clean assist living then a store with a lot of traffic. It is also giving more homes for our elders to go.

Thank you

My name is Penny Coraggio.

I am in favor of the presented expansion to Oak Tree Manor. While visiting there, I've never seen traffic as a problem. The rural road that is there is not used for through traffic and the visitors turn off of Park Boulevard to enter and exit. Parking is never a problem there either.

Thank you for your time in this matter,
Penny Coraggio

My name is Sheryl Haynes and I own property across the street from Oak Tree Manor at 12909 Park Blvd in Seminole. I can't believe they are still getting resistance from neighbors. Oak Tree Manor is a very quiet business with minimal traffic. The busiest times are with visitors at holidays and with social events for the clients. Otherwise the traffic flow is minimal. The clients are certainly not loud.

I have no problem with an expansion.

Good Morning,

To whom this may concern, I'm sending this email this morning regarding Oak Tree Manor's proposal for the expansion of their residents. I am representing Cappello and Company Jewelry store across the street from their assisted living facility. Having been at this location for a year now I have noticed very little traffic going in and out of their facility and few cars in front of the building at any given time. Seeing how the senior residents don't drive, I see no issues with Oak Tree Manor adding more residents.

My name is Ellyn Klein. My mom is a resident at Oak Tree Manor for over seven years now. I visit her on a daily basis. I have never had any problems with the parking. I attended the last meeting and still don't understand what people objected to. I've lived here over 42 years in the same house right off of Park Blvd and didn't realize it existed until I needed this facility. It is always quiet there. I have no objection if she wants to expand on this property. If I can be of anymore help please e-mail me at myyenta@aol.com. Thanking you in advance for reading this message.

To whom it may concern:

I am writing this note to inform you of my intention to attend the hearing on Tuesday, March 29, 2016 at 6:00pm regarding and on behalf of the Oak Tree Manor Assisted Living facility located at 7770 128th St., Seminole, FL 33777.

My wife, 2 daughters (ages 15 and 6) and I reside at 7749 De Long Way, Seminole, FL 33776 which directly adjoins the back side of Oak Tree Manor. We have been renters for approximately 18 months and during our tenancy, have never had any disturbance of any kind from the tenants or staff of Oak Tree Manor. In fact, we have enjoyed living next to the property and hope to continue to extend our lease at the residence. Oak Tree Manor is always well maintained, quiet and secure and is a well managed property. We have even visited the facility on several occasions and have had an opportunity to meet and interact with some of the residents who were all quite charming and kind.

Please feel free to contact me directly on my mobile at 727-269-8147 if I can answer any questions related to this email.

Thank you for your consideration.

Sincerely,

Todd J Runkle

My name is Joan Hannigan and my husband, Ed Hannigan, is a resident at Oak Tree Manor owned and managed by Chris Gibree. Several years ago my mother, Viola Fox, resided there until her death at 97 years of age.

I visit there almost every day and have never had a problem parking ...no matter the time of day. Anyone who has complained about the parking is definitely not a visitor to this assisted living facility. There are not that many residents who receive visitors on a regular basis.

Our family from New York is visiting at present and they have not had difficulty parking thru this week: Ed's sisters from Homosassa and Sarasota have always had a parking space upon arrival.

Ed has friends from St. Petersburg and Seminole who come every week...they have never had a problem parking.

Whoever has brought up a parking problem obviously has their own agenda whatever that might be. As for me...I'm there, I know there is no problem.

As a retired physical therapist from New York State (41 years of service) I feel this assisted living facility to be a top rated facility. The standards of its Director, Chris Gibree, are ones of excellence, caring and compassion.

Subject: Support of Oak Tree Manor Expansion

I was at the county commission meeting a year ago when Chris applied for an expansion permit. At that time it was denied. Evidently some of the county rules have changed and with those changes it is now possible. The folks who objected heard all the good comments about Chris Gibree and her Oak Tree Manor and stated that they had no problem with Chris. They just did not want any more building near their country estates. However, if all the building will be on land she already owns and her facility is attractive and quiet, I would be happy to have Oak Tree Manor as a neighbor. I have been visiting Oak Tree Manor for many years and it is always in excellent condition inside and out. Chris is one hard working owner and I for one believe this is what has made America great and should be encouraged and commended. It is my prayer that a conciliatory meeting can be held and if it is approved, perhaps the land owners around her facility could work with her instead of against her to come up with a building that is suitable to all. Wouldn't that be refreshing! I will not be able to be at the meeting but hope there is a positive outcome for Chris.

Sincerely Yours,

Rev. David E. Priebe

Pastor at Bay Pines Lutheran Church at the corner of Park Blvd. and 113th St.

(The church has been here for 57 years and I have been a pastor here for 26 years. Many changes have occurred in those years from a Seminole that was mostly orange groves to a built up community. Progress comes. My wife and I will be making Seminole our retirement home. We like it here. It has been a great place to raise our family in a safe and friendly environment.

Len and Barbara Krysko -- we reside 3 houses away from Oak Tree Manor on 7575 128th St. The facility has been there for 20 years; we have been here since 1971. We have no issues with the expansion as explained to us. There has never been an issue with the traffic, or noise. If they have visitors, since they are located on the corner people drive in and then drive back out to the corner. The facility is well maintained. I plan on attending the meeting.

PS Glenn -- please respond that you received my email.

Subject: application before County Commission on March 29, 2016 by OAK TREE MANOR, LLC

This email correspondence is to support the application for OAK TREE MANOR, LLC.

The undersigned is the spouse of MARY C. JONES, a resident of OAK TREE MANOR and an incapacitated person.

My wife has been a resident of OAK TREE MANOR since August, 2013. I have visited her there on many occasions and not less than 250 times.

My observations stated below are based upon visual inspection of the premises and the surrounding neighborhood through which I have passed at least 250 times.

The facility does not contribute to the average daily traffic on Park Blvd nor on 128th St in a statistically significant way. Nor does it pose a parking hazard on 128th St. or Park Blvd. The residents of the facility are prohibited from walking in the surrounding neighborhood land and on the streets leading to the surrounding land. There is no loud music or events emanating from the facility that is/are disturbing the peaceful tranquility of all of the surrounding neighborhood. No offensive odors nor odious diseases come from the facility. There is no person in the facility that constitutes a danger to the people or property in the surrounding neighborhood. Accordingly, the facility is not a nuisance and it has no effect on the property values of the surrounding neighborhood residences.

Therefore, there is no reason for the County Commission not to grant the petition of OAK TREE MANOR.

RE: Oak Tree Manor Zoning Change

Ms. Christine Gibree,

We are writing today to state that we are not in opposition of your requested zoning change nor the upcoming hearing related to this matter. We are familiar with your facility and have only known it to be one that is well maintained and serves an important need in our community.

Good Morning,

I am Doris Berry and want to go on record to compliment the Oak Manor facility in Seminole. I understand there will be a decision on their status again this Tuesday. I have toured the facility and since I work for Chapel on the Hill, UCC church in Seminole, I am willing and happy to say they have never presented a problem to the community that I am aware of. I'm just across/down Park Blvd from the facility. Please work with this establishment to assist in the great service they provide.
