Description & Comments

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

This is for approval of Affordable Housing Program funding for an affordable multi-family rental housing development project known as Lealman Heights by SP Pinellas II, LLC (SP).

The proposed project is an 86-unit new construction development located in the Lealman Community Redevelopment Area (CRA) all of which will be affordable to households with an income not to exceed 80.0% of the area median income. The project location is comprised of multiple parcels, acquired by the County in 2016 with Penny for Pinellas funding for affordable housing development.

The developer was selected in a competitive process on January 12, 2021, but since then the construction cost increased and thus SP Pinellas II, LLC is applying for County funding assistance to fill the funding gap. The gap is estimated not to exceed \$2M plus the closing costs (roughly \$20k-\$30k) for construction financing.

The funding is derived from Neighborhood Stabilization Program (NSP) grants funds allocated by the U.S. Department of Housing and Urban Development and is included in FY24 Budget Request within Community Development Grant Fund, Housing and Community Development Department.
