Description & Comments

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

This is for the approval and execution by County Administrator for the agreement to receive E911 trust fund monies from State of Florida for Pinellas County's E911 Training Room Redesign.

The \$338,521.90 funding will be used to purchase and install 11 console furniture workstations in the training room for Pinellas County Regional 911 Center. The E911 training room does not currently have console furniture workstations available to create a training environment that mimics the live environment and increases the number of live consoles.

The \$338,521.90 grant funds shall be provided on a cost reimbursement basis with no matching funds associated with the grant. This grant was not included in the FY23 Adopted budget and would require a budget resolution to record the funds into the Emergency Communications E911 System Fund.
