Section 6.5.3. of the Countywide Rules provides the review criteria for amendments to the Countywide Plan Map. An analysis of these criteria are provided below:

1. The manner in, and extent to, which the amendment is consistent with the Countywide Rules and with the Countywide Plan Strategies as implemented through the Countywide Rules.

Staff Analysis: The Countywide Rules state that the Public/Semi-Public category is “intended to recognize institutional, and transportation/utility uses that serve the community or region, especially larger facilities having acreage exceeding the thresholds established in other plan categories, which are consistent with the need, character, and scale of such uses relative to the surrounding uses, transportation facilities, and natural resource features, and may include residential as part of the mix of uses.”

The locational characteristics of the Public/Semi-Public category are “generally appropriate to those locations where institutional uses (such as educational, health, public safety, civic, religious and like uses) and transportation/utility uses (such as air and sea transport terminals, utility installations, major transmission lines, refuse disposal, and public works facilities) are required to serve the community; and to recognize the special needs of these uses relative to their relationship with surrounding uses and transportation access.”

Calvary Baptist Church sits on a 41.016-acre main parcel at the southwest corner of Drew Street and McMullen Booth Road. The property also includes Calvary Christian High School, athletic facilities, and other institutional uses that support the church. The surrounding area is a mix of residential, recreational, employment, and commercial uses for the local community. The church has acquired numerous properties in the general vicinity over many years which have been annexed and incorporated into the main parcel. Future land use and zoning amendments have also been approved to ensure the overall property would have a consistent institutional designation. The subject parcels border the church’s main parcel to the north and west. Additionally, the church owns the properties to the east of the subject parcels which includes batting cages and storage serving as accessory uses to the school, as well as a residential property. The applicant has indicated that the properties will be used for a softball field, but no site plans have been submitted at this time. The requested amendment to the Public/Semi-Public

category is consistent with the surrounding parcels and would allow for continuity with the church's main parcel which would allow for uniform redevelopment in the future.

Furthermore, the Residential Low Medium category contains maximum acreage thresholds for certain uses. Any use that exceeds the acreage threshold is required to undergo an amendment to a category where the use does not have an acreage maximum. Institutional uses in the Residential Low Medium category are permitted up to five acres. Although the subject parcels are under five acres, since the larger church parcel is just over 41 acres, this provision would apply, requiring an amendment to the Public/Semi-Public category.

- 2. Forward Pinellas has developed a multimodal accessibility index (MAX index). Proposed amendments will need to maintain a MAX score equal to or better than the Countywide Average MAX score. The Current Countywide Average MAX score: 7.5; if that score is not reached, balancing criteria will be required. An amendment adopting or amending the Activity Center (AC), Multimodal Corridor (MMC) and Planned Redevelopment District (PRD) categories and affecting fewer than 10 acres shall be subject to the Multimodal Accessibility Index (MAX Index).**

Staff Analysis: MAX scores are assigned to individual quarter-mile grid cells, which Forward Pinellas defines as a reasonable walkable travel shed. The MAX score is based on factors such as bicycle facilities, premium transit services, walkability, roadway LOS, scooter/bike-share locations, transit access, and programmed transportation projects. The MAX score for the parcels associated with the proposed amendment is 13, which exceeds the Countywide Average MAX score of 7.5.

- 2. If located within a Scenic/Noncommercial Corridor, the manner in, and extent to, which the amendment conforms to the criteria and standards contained in Section 6.5.4.1 of these Countywide Rules.**

Staff Analysis: The amendment area is not located on a Scenic/Noncommercial Corridor.

- 3. If located within a Coastal High Hazard Area, the manner in, and extent to, which the amendment conforms to the terms set forth in Section 4.2.7.**

Staff Analysis: The amendment area is not located within the Coastal High Hazard Area.

- 4. If the amendment involves the creation, expansion, contraction of, or substantive change to the Activity Center, Multimodal Corridor, or Planned Redevelopment District category, the manner in, and extent to, which the amendment conforms to the purpose and requirements of the applicable category, and addresses the relevant Planning and Urban Design Principles described in Section 6.2.6 and Land Use Goal 16.0 of the Countywide Plan Strategies.**

Staff Analysis: The amendment area does not involve the creation, expansion, contraction of, or substantive change to the Activity Center, Multimodal Corridor, or Planned Redevelopment District category.

- 5. The manner in, and extent to, which the amendment significantly impacts a public educational facility or an adjoining jurisdiction.**

Staff Analysis: The parcels are within Pinellas County's jurisdiction, and the applicant has submitted a Petition for Annexation (ANX2023-06007) that is being processed concurrently with this case.

- 6. If the amendment involves the conversion from the Employment (E), Industrial (I), or Target Employment Center (TEC) category, the extent to which the amendment area can continue to provide for target employment opportunities as evaluated and set forth in Section 6.5.4.5.**

Staff Analysis: The amendment area does not involve the conversion of Employment, Industrial, or Target Employment Center designated land.
