Hi Emily,

OMB has no objection to the Department of Parks and Conservation Resources submitting a grant application to the **Florida Department of Environmental Protection** for the **FY23 Land and Water Conservation Fund (LWCF) grant** which will benefit the County by providing the necessary resources to install new features in the Raymond H. Neri Community Park, formerly known as Joe's Creek Greenway Park. The new features will include multiple playgrounds, a fitness center, a challenge course, multipurpose fields, and a multipurpose trail. Enhancements will also be added, such as restroom facilities, picnic areas, shade structures, lighting, fencing, and security cameras. The development of this park will bring new recreation opportunities for the Lealman Community.

This is a **multi-year reimbursement** grant project that will likely impact FY23-26. The total **requested funding is \$1,500,000** with **\$1,500,000 expected in match from the CIP - Ray Neri Park (Phase 1)**. The total project is estimated to cost \$3,000,000. The CIP – Ray Neri Park (Phase 1), is also an approved ARPA project identified under the expenditure category: Strong Healthy Communities – Neighborhood Features that Promote Health and Safety.

Based on the thresholds for delegated approval, this grant application will require **County Administrator** approval to apply. Please route the grant application through Legistar / Granicus ([based on the Grants Granicus Approval Flowchart](#)) to receive **County Administrator** approval. Please include this email when you send the application through Legistar / Granicus.

Once the application approval is complete, apply for the grant. **Good Luck!**

In the event you receive the award, please [follow these instructions](#) to execute the grant agreement. If you have any questions, do not hesitate to contact me. Thank you!

For additional instructions for grant approval and set-up, please visit the [Grants SharePoint Site](#).

Thank you,

Auria Oliver

OPUS Project Title Raymond H. Neri Community Park

Duration Multi Year

Proposed Abstract (Project Scope of Work) Raymond H. Neri Community Park, formerly known as Joe's Creek Greenway Park, will undergo development to install new features including several playgrounds, a fitness center, a challenge course, multipurpose fields, and a multipurpose trail. Support features to be installed also include restroom facilities, picnic areas, shade structures lighting, fencing, and security cameras. The development of this park will bring new recreation opportunities for the Lealman Community.

Benefit Summary (How will this benefit the County, Dept, etc?) This project will help PCR to develop new park features for the community which in turn will assist us with achieving several goals within our strategic plan including being responsible stewards of the public's resources, managing parks, investing in communities that need the most, and supporting a vibrant community with recreation, arts, and culture to attract residents and visitors.

Director Approval (Attach)

Is the proposal submitted for a different Department? No

If submitting for a different department, what is that department name?
