To Whom It May Concern,

I own the property to the south of the proposed zoning change land. My business is Carpros and is located directly on Ulmerton Road. I have been notified of this proposed zoning change and support the owner, Mr. Ralph Wescott's, decision to let his daughter build a home on this property. The acre in question has no direct access to Ulmerton Road. Another industry in the Coral Heights neighborhood would produce more unwanted traffic.

Please consider approving the proposed zoning change.

Sincerely,

Dzevad Arapcic
