April 11, 2017

Mr. Mark Flock
Senior Environmental Scientist
Pinellas County
Natural Resources

Dear Mr. Flock:

Enclosed are two copies of the Joint Funding Agreement 17ESFL000000039 between Pinellas County and the US Geological Survey covering the period May 01, 2017 through April 30, 2018. The total cost for operating the data collection program will be \$253,000. Pinellas County's share of this will be \$195,574 with the USGS assuming the remaining \$57,426 through the Cooperative Water Program. Results of all work performed from this agreement will be available for publication in the annual data report prepared and published by the USGS.

Please obtain the proper signatures and return one signed copy to this office in the enclosed self-addressed envelope. The other copy is for your files. Work performed with funds from this agreement will be conducted on a fixed-price basis. Pinellas County will be billed quarterly.

Your continued cooperation is greatly appreciated. If you have any questions concerning the program, please do not hesitate to contact Kevin Grimsley at (813) 498-5064, or by email at kjgrims@usgs.gov.

Sincerely,

Rafael W. Rodriguez, Director
Caribbean-Florida Water Science Center
