<b>Award Type</b>	
<b>Amount Requested</b>	
<b>Match</b>	
<b>Match Type</b>	
<b>Match Funding Source</b>	
<b>Total Project Cost</b>	
<b>Fiscal Year(s)</b>	

**Description & Comments**

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

This is an intent to apply for the FY 2023 - FY 2026 Bridge Investment Program, Planning and Bridge grant through the U.S. Department of Transportation Federal Highway Administration (U.S. DOT FHWA).

If awarded, this grant will benefit the County by allowing full vehicular loads while adding pedestrian and bicycle infrastructure to accommodate all modes of transportation, as well as providing consistent and reliable access for the movement of all goods and services and direct access for emergency vehicles, including paramedics through the replacement of the existing Beckett Bridge over Minetta Branch of Whitcomb Bayou in Tarpon Springs (Riverside Dr/N. Spring Blvd).

This grant will be multi-year and single-departmental, which will likely impact Fiscal Years 2024 - 2026. Public Works has already coordinated with the U.S. DOT FHWA.

This grant will be administered by Public Works in close coordination with U.S. DOT FHWA.

The total application amount is \$21,313,600.00 with \$5,328,400.00 match required, with the funding source associated with this project being project 001037A, which will complete the total project budget of \$26,642,000.00.

This is not budgeted and would likely require a future budget amendment.

Based on the thresholds for delegated approval, this grant application will require Board approval to apply.
