Subject: RE: Grants Database - Airport Improvement Program (AIP)

Hello Yvette,

OMB has no objection to *Airport* submitting a grant application to the **FAA** for the **Airport Improvement Program (AIP)** grant which will benefit the County by ensuring that PIE's airfield will have connectivity to the Airco parcel that will be developed in the next 5 years through the development and construction of a new taxiway to serve the Airco parcel that is adjacent to the airport.

This is a **multi-year reimbursement** grant project that will likely impact FY23-FY28. The total **requested funding is \$ 5,592,000.00** with **\$1,700,000.00 expected match**, and **\$3,364,000.00 covered by other funding sources**. The total project is estimated to cost \$10,656,000.00.

Based on the thresholds for delegated approval, this grant application will require **Board** approval to apply. Please route the grant application through Legistar / Granicus ([based on the Grants Granicus Approval Flowchart](#)) to receive **Board** approval. Please include this email when you send the application through Legistar / Granicus.

Once the application approval is complete, apply for the grant. **Good Luck!**

In the event you receive the award, please [follow these instructions](#) to execute the grant agreement. If you have any questions, do not hesitate to contact me. Thank you!

Hi Yvette,

I noticed that the total cost of project funding does not match the sum of the amount being requested and the match amount. Is Airport using another funding source as well?
