FL Statute Title XI, Chapter 154 requires Health Department to detect, control and eradicate communicable diseases. You must work with school board & health department to keep all safe (teachers, students, bus drivers, etc. and community). Cases are rising (or the state may have reached testing capacity), hospital capacity is limited, need more remdisiver, medical professionals stressed, no guidance from state level so the are decisions fall to you. Consider return to phase 1 and advocate for virtual start to school year. Keep Pinellas residents safe and reduce Covid-19 in our area.
