Description & Comments

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

Pinellas County Utilities (PCU) is seeking the approval of the award to bid to Engineering Inspections and Restoration Services LLC and SAK Enterprises Inc. for flood barriers. This creates a not-to-exceed threshold of \$385,427.52 for a 12-week term.

Funding for this agreement is not fully represented in the FY26 -31 Capital Improvement Plan (CIP) or the FY26 Operating Budget because the contract establishes a not to exceed value, with obligation occurring upon issuance of work order assignments (purchase orders). Funding is determined by the individual work order assignment sourced to the agreement, and actual expenditures are contingent upon work completed for various projects. The Department may appropriate the full not-to-exceed amount or less. This will be utilized on an as-needed basis.
