House Bill479/Senate Bill718 decommissions the County and Municipal governments and replaces them with a Foreign Interagency/Interlocal agreement, invoking statute 163.01. As implied, the Bill serves as an *Acquisition Notice* to the County "Interlocally" transferring County Function and Power in Pinellas County HomeRule Charter 2.04(q), to an Internal Foreign Entity, dissolving/liquidating the county, simultaneously "shapeshifting" local municipal governments into individual watershed jurisdictions, usurping the reins of government, as constitutionally gerrymandered under the 14<sup>th</sup> Amendment.

Using a QuidProQuo Agreement with the Water District, the Bill "Internally Manifests and Insurges" a Foreign legal entity giving rise to water despots "Wholly" intent on adjudicating against the civilian population, intent on holding, acquiring, selling and disposing of our property, claiming *their* right to claim Eminent Domain against the residents with all powers and privileges "materialized" under chapter 159, without giving notice to the homeowner, in their "backbiting" infrastructure schemes, as constitutionally formulated and methodically contrived.

This Foreign Entity is being granted the right to issue Bonds on behalf of itself, in statute 218.415(16-f), assessing taxes of *anykind whatsoever* to finance their administrative levies, user fees and contrived annual inspection charges. Yet, rebelliously, they themselves are exempt from their laws, ordinances and rules. And, they are not required to pay any taxes *whatsoever* while methodically taking everything we own, obliging us to their contrived indebtedness. Stating that their profits are at *all times* free from taxation, as we/ourselves are reduced in our personhood as a tax burden, as this Foreign Entity is placing us in Bondage for the purpose of undertaking our right to life in the 14<sup>th</sup> Amendment.

HB479/SB718 decommissions our current government, grants, insurges, aids and abets a political usurpation in government assisting a Foreign Invasion against us, taking everything, we own, placing us in bondage and taxing us to death. Then burying us in the phosphate pits, as a mass grave site.

(e)1. Notwithstanding the provisions of paragraph (c), any separate legal entity created pursuant to the provisions of this section and controlled by counties or municipalities of this state, the membership of which consists or is to consist only of public agencies of this state, may, for the purpose of financing the provision or acquisition of liability or property coverage contracts for or from one or more local government liability or property pools to provide liability or property coverage for counties, municipalities, or other public agencies of this state, exercise all powers in connection with the authorization, issuance, and sale of bonds. All of the privileges, benefits, powers, and terms of s. 125.01 relating to counties and s. 166.021 relating to municipalities shall be fully applicable to such entity and such entity shall be considered a unit of local government for all of the privileges, benefits, powers, and terms of part I of chapter 159. Bonds issued by such entity shall be deemed issued on behalf of counties, municipalities, or public agencies which enter into loan agreements with such entity as provided in this paragraph. Proceeds of bonds issued by such entity may be loaned to counties, municipalities, or other public agencies of this state, whether or not such counties, municipalities, or other public agencies are also members of the entity issuing the bonds, and such counties, municipalities, or other public agencies may in turn deposit such loan proceeds with a separate local government liability or property pool for purposes of providing or acquiring liability or property coverage contracts.

2. Counties or municipalities of this state are authorized pursuant to this section, in addition to the authority provided by s. 125.01, part II of chapter 166, and other applicable law, to issue bonds for the purpose of acquiring liability coverage contracts from a local government liability pool. Any individual county or municipality may, by entering into interlocal agreements with other counties, municipalities, or public agencies of this state, issue bonds on behalf of itself and other counties, municipalities, or other public agencies, for purposes of acquiring a liability coverage contract or contracts from a local government liability pool. Counties, municipalities, or other public agencies are also authorized to enter into loan agreements with any entity created pursuant to subparagraph 1., or with any county or municipality issuing bonds pursuant to this subparagraph, for the purpose of obtaining bond proceeds with which to acquire liability coverage contracts from a local government liability pool. No county, municipality, or other public agency shall at any time have more than one loan agreement outstanding for the purpose of obtaining bond proceeds with which to acquire liability coverage contracts from a local government liability pool. Obligations of any county, municipality, or other public agency of this state pursuant to a loan agreement as described above may be validated as provided in chapter 75. Prior to the issuance of any bonds pursuant to subparagraph 1. or this subparagraph for the purpose of acquiring liability coverage contracts from a local government liability pool, the reciprocal insurer or the manager of any self-insurance program shall demonstrate to the satisfaction of the Office of Insurance Regulation of the Financial Services Commission that excess liability coverage for counties, municipalities, or other public agencies is reasonably unobtainable in the amounts provided by such pool or that the liability coverage obtained through acquiring contracts from a local government liability pool, after taking into account costs of issuance of bonds and any other administrative fees, is less expensive to counties, municipalities, or special districts than similar commercial coverage then reasonably available.

3. Any entity created pursuant to this section or any county or municipality may also issue bond anticipation notes, as provided by s. 215.431, in connection with the authorization, issuance, and sale of such bonds. In addition, the governing body of such legal entity or the governing body of such county or municipality may also authorize bonds to be issued and sold from time to time and may delegate, to such officer, official, or agent of such legal entity as the governing body of such legal entity may select, the power to determine the time, manner of sale, public or private, maturities, rate or rates of interest, which may be fixed or may vary at such time or times and in accordance with a specified formula or method of determination; and other terms and conditions as may be deemed appropriate by the officer, official, or agent so designated by the governing body of such legal entity. However, the amounts and maturities of such bonds and the interest rate or rates of such bonds shall be within the limits prescribed by the governing body of such legal entity and its resolution delegating to such officer, official, or agent the power to authorize the issuance and sale of such bonds.
