Reference: Case No. Z/LU-15-09-19

Dear Sir or Madam:

We are writing to oppose a request (Case Z/LU-15-09-19) to change Zoning and Land Use for the 2-acre parcel on the east side of McMullen Booth Road, just north of Curlew Road, which is directly across from Landmark Oaks condominiums. We understand that, if approved, the proposal would allow up to an 18,000 sq. foot medical facility on the site.

We own and reside in one of the condominium units in Landmark Oaks. Our parents were original owners when the unit was built in 1987. There are a number of reasons for our opposition to the request.

The traffic on McMullen Booth Road continues to increase each year (both northbound and southbound traffic), which is making it increasingly difficult, and sometimes dangerous, to enter and exit our condo complex. There is no traffic light at our condominium entrance. Drivers on McMullen Booth Road are traveling at many different rates of speed across multiple road lanes, so it is difficult to get an opening in the traffic for ingress and egress. The traffic light at Curlew Road and the next light north on McMullen Booth Road beyond Boot Ranch are not sufficient to provide safe entry and exit for our complex. In addition, some cars do U-turns at the opening to our condo complex. Traffic is challenging even during non-rush hours of the day. If a medical facility is built across the street, there will be more traffic, and we will need to navigate around cars entering and exiting the proposed medical facility directly across the street. This will create an undue burden on our residents and pose increased safety hazards.

It is our understanding that this section of McMullen Booth Road is designated as a Scenic Corridor. If so, hopefully, that designation will continue. The land across from our complex has always been green space. The space is shallow, with McMullen Booth Road on one side and the canal on the other side. Therefore, any building and parking lot would need to be constructed close to the road and will be very visible from the road. Currently, there is a mound of dirt with vegetation on it across the street. The mound has been there since around 1987. The mound provides a buffer from potential flooding from the canal and Tampa Bay during a hurricane, as well as a buffer from noise and lights from condominium and commercial developments located on the other side of the canal, including a ball field with bright lights and loud speakers near the movie theatre on Tampa Road. There is wildlife in the area that will be negatively impacted. If this zoning and land use request is granted, adjoining land owners to the subject parcel would likely be encouraged to seek similar zoning and land use changes if it is advantageous to them financially.

There are many commercial properties in the area where a medical facility could operate. We do not see an overriding need or benefit warranting changing the current zoning and land use for the subject space. Based on the considerations outlined above, we respectfully request that you deny the Zoning and Land Use request in Case No. Z/LU-15-09-19.

Gail Phellips

Respectfully submitted,

Jane Phillips

**Subject:** Z/LU-15-09-19

#### To Whom It May Concern:

As a resident of the Oaks at Countryside, which would across from this proposed medical office building, I oppose the zoning change from R-A to LI and and the land use change from Recreational/Open Space to Institutional with a Development Agreement in Case No. Z/LU-15-09-19.

The land is undeveloped and should remain so to preserve the open space along the east side of McMullen Booth Road from Curlew Road to the Tampa Road exit. Traffic along McMullen Booth Road is already busy and to allow another driveway access point would only impede the traffic flow, especially northbound.

Is there really a need from another medical office building in this area and is it necessary to destroy recreational/open space to build one? Between the medical facilities along McMullen Booth Road (CR 611) and it's cross streets from CR 589 to the Boot Ranch business district, there are plenty of medical businesses and practices to fulfill to needs of the surrounding community. Has all the vacant business space in the area become occupied to necessitate the need for more development?

For these reasons, I oppose the zoning and land use changes that are being requested.

Zoning

Subject:

Z/LU15-09-19

#### To whom it may concern:

This email is to notify your department that the Board of Directors, as well as homeowners of Landmark Oaks Condo Association OPPOSE the approval of zoning variance No. Z/LU-15-09-19..

As a representative of the Landmark Oaks Condo Association, I will be in attendance at the December 12 meeting. We wish to request an opportunity to present our case, and will provide signed petitions from a number of homeowners and tenants, opposing this variance.

#### Our main concerns include:

- 1) the change to the McMullen Booth Scenic Corridor and
- 2) the potential safety issues associated with increased traffic on both northbound and southbound McMullen-Booth Road, as well as increased traffic hazards in accessing the Landmark Oaks condo complex, which is the residential neighborhood most affected by the proposed construction
- 3) the concern that the proposed zoning change might "open the door" to more/future construction on the east side of McMullen-Booth Road, and diminish what little is left of the scenic corridor and green space,

Thank you for the opportunity to share our concerns.

Sincerely,

Jacqueline Man 3082 Landmark Blvd. #1707 Palm Harbor, FL 34684

**RETURN PETITION BY THURSDAY, DECEMBER 5 TO:** 

#### Save the McMullen Booth Scenic Corridor

#### Keep it Scenic for All - Keep it Safe for Landmark Oaks

#### Regarding Pinellas County Planning Department Case No: Z/LU-15-09-19

We, the undersigned property **owners and residents** of Landmark Oaks Condo Association, do hereby **OPPOSE** the request for a Zoning change from R-A (Residential Agriculture) to LI (Limited Institutional), and a Land Use change from R/OS (Recreational/Open Space) to I (Institutional) for Medical Offices, as filed by Martin Rosato, Trustee and Hill Ward Henderson/E. D. Armstrong, Jr./Cynthia Tarapani, as it relates to the vacant 2 acre site located on the east side of McMullen Booth Road, approximately 900 feet north of Curlew Road and filed with the Pinellas County Planning Department.

McMullen Booth Road is already overcrowded. Egress from Landmark Oaks is dangerous for drivers especially for those attempting to travel north on McMullen Booth Road, an uncontrolled intersection. In addition to damaging the Scenic Corridor, additional development along the east side of McMullen Booth Road will increase traffic and make an existing dangerous intersection worse at Landmark Oaks.

General and medical office buildings located on McMullen Booth Road, Tampa Road, East Lake Road, and U.S. 19 provide adequate office space for this area. Permitting more office space will only increase dangerous conditions and overload the existing infrastructure. PLEASE DENY THIS REQUEST FOR A ZONING CHANGE.

We further **OPPOSE** any continuances or requests for other/amended Zoning and Land Use designations regarding Case No: **Z/LU-15-09-19**.

Date: December 4, 2019
