Sec. 14-46. Enforcement of article.

- (a) The department of animal services is designated as the agency of the board of county commissioners to implement, enforce, and administer the provisions of this article, except as otherwise provided by this article.
- (b) It shall be a violation of this article to resist, obstruct, or oppose an animal control code enforcement officer while in the lawful performance of his duties, or with anyone who may be assisting in the performance of such duties.
- (c) Any person who willfully refuses to sign and accept a citation issued by a law enforcement officer or animal control code enforcement officer, shall be in violation of this article.
- (d) The board of county commissioners may contract with any state chartered nonprofit humane organization to carry out the duties in this article or any part thereof. Such organizations shall carry out the duties pursuant to the provisions prescribed in this article; failure to do so shall result in the board of county commissioners assuming such duties or contracting with another organization to assume such duties. Compensation may be provided in an amount adequate to fulfill the prescribed duties.

Sec. 14-47. Fees and charges; administration of article.

Fees and charges relating to licensing, adoption, impoundment, service fees and such other fees deemed necessary to accomplish the purposes of this article will be established from time to time by the board of county commissioners. The director is authorized to establish programs and procedures as are deemed necessary to accomplish the purposes of this article. These include, but are not limited to, enforcement actions, vaccination programs, measures to deal with kennel hazards, education programs, population control programs, licensing procedures, and the implementation of emergency procedures in the event of a disease outbreak or a state of emergency, as defined by section 34-36 of this Code. The director, with approval from the county administrator or designee, is authorized to waive or modify, but not to increase, the fees established by the board of county commissioners, in connection with such programs in order to promote the success or participation in those programs, or as specifically directed by the board of county commissioners.

Sec. 14-48. Impoundment.

- (a) The department of animal services and its animal control code enforcement officers, law enforcement officers and humane officers of state chartered nonprofit humane organizations having been lawfully appointed, shall have authority to pick up, catch or procure and impound any animal found to be in violation of this article, any animal infected or believed to be infected with rabies or other contagious or infectious disease to humans or animals, or any animal suspected of biting a human, in such manner as is reasonably necessary to effectuate its capture. Impounded animals shall be confined in a humane manner at an animal shelter. Animals impounded at an animal shelter shall be made available for public inspection in order to allow the owner to reclaim their animal. An animal impounded for the purpose of rabies observation shall not be moved or released from the place of quarantine unless permission is first obtained from the director. The director may approve an exception as to the above-required place of confinement for dogs, ferrets, or cats having a current rabies vaccination administered by a veterinarian.
- (b) Unless otherwise provided by this article:
 - (1) An impounded animal with a license or other owner identification shall be held for at least seven days, including the day of impoundment;
 - (2) Impounded dogs over 16 weeks in age without such identification shall be held for four days, including the day of impoundment.

- (6) Dogs, ferrets or cats impounded for the observation of rabies shall be held at least ten days.

The depositing of a letter of notification by first class U.S. mail shall constitute adequate notification of impoundment. The owner shall also be notified by telephone, if possible. This section shall not apply to animals surrendered by the owner or an agent of the owner, in which case disposition may be made as provided in this article without notification or a holding period. At the expiration of the holding period, during which time a diligent attempt has been made to locate and contact the owner, disposition of the animal may be in accordance with this article.

- (c) A 30-day holding period may be imposed upon all animal shelters, humane organizations, rescue groups or foster homes for domestic animals with owner information or that bear positive owner identification in the form of an identification tag, license tag, microchip, rabies tag, or tattoo, which are impounded during a state of emergency within the county or those animals which are transferred to the county from any area where a state of emergency has been declared by competent authority. The holding period will be ten days for domestic animals that do not bear any of the aforementioned forms of positive owner identification which are impounded during a state of emergency within the county, or those animals which are transferred to the county from any area where a state of emergency has been declared by competent authority. Adoption or transfer of animals impounded during a state of emergency in the county, or of those animals which are transferred to the county from any area where a state of emergency has been declared by competent authority that are not redeemed within the holding period will be conditional and the animals will be subject to reclaim by the owner for 120 days from the date of the state of emergency declaration in the area of origin, except where the owner has relinquished all rights to the animal. These requirements may be invoked by the director based on the nature of the state of emergency and its aftermath.
- (d) For violations of this article, an owner may be subject to a written warning or such penalties as prescribed in this article, in addition to or in lieu of impoundment of the animal.
- (e) Every owner who voluntarily surrenders an animal must provide photo identification and sign a form acknowledging that the surrender is voluntary and acknowledging that disposition of the animal is in the discretion of the department. The department shall not be liable for the disposition of any voluntarily surrendered animal after receipt of the animal from its owner. The animal shall be immediately available for adoption,

placement or other appropriate disposition once surrendered. Owners surrendering animals shall be responsible for paying an intake fee, and should the animal(s) not be current on vaccination required by the county, rabies vaccination fees shall also be paid by the owner wishing to surrender his/her animal(s). Owners wishing to surrender an animal with the request for euthanasia shall be allowed to do so at the discretion of the department. It is not the policy or practice of the department to supply "on-demand" euthanasia procedures, but in the interest of relieving a suffering animal, the department may provide the service for a fee or at no charge, at its sole discretion. Notwithstanding the foregoing, such fees shall not apply to any animal surrendered to the department by veterinarian or boarding kennel, pursuant to F.S. § 705.19, as may be amended. No owner-surrendered or stray animals from outside the department's jurisdiction shall be accepted except for humane reasons; such animals shall be referred to another agency. The photo identification of the owner/person wishing to surrender an animal that shows an address outside of the department's jurisdiction shall be used as the origin of the animal. If an animal is accepted for humane reasons from an owner or person living outside of the department's jurisdiction, a fee equal to the average cost(s) of all services provided shall be charged.

Sec. 14-49. Adoption, redemption and disposition of animals.

- (a) The disposition of all animals, which have been impounded or rescued by the department shall be determined in accordance with the provisions of this article as provided below:
 - (1) Within the holding period, animals may be redeemed by the owner or his/her agent upon the payment of any fees or costs associated with the impoundment. If the animal is a dog or cat which is unlicensed, it is necessary for the owner to obtain a license before redeeming the animal. Owners or agents of dogs or cats which have license or microchip shall be required to submit a statement of ownership in addition to obtaining a license, microchip and paying all associated fees and costs prior to the animal being redeemed.
 - (2) If not redeemed within the holding period, disposition of animals may be by humane euthanasia or offered for adoption to any qualified person, upon payment of the adoption fee and, if applicable, such other costs associated with the impoundment. Animals that appear to be severely diseased or injured and suffering, and those animals medically determined to be suffering from a contagious or infectious disease that could constitute a hazard to other animals or humans may be euthanized at the discretion of the director, or his or her designee, at any time.
 - (3) All dogs and cats placed for adoption shall be vaccinated, licensed, and sterilized before custody is relinquished to the new owner.
 - (4) Those animals which have passed medical and behavior screening, but have not been adopted, may be offered to state chartered nonprofit humane organizations for the purpose of providing adoptions of such animals. Fees and costs may be waived for the disposition of animals in this manner.

- (b) The disposition of an animal may not be to any medical school, college, university or person for experimentation or vivisection purposes, or to any person providing, selling, or supplying animals to any medical school, college, university or person for experimentation or vivisection purposes.

It shall be unlawful for any person to refuse to surrender any such stray animal to an authorized representative of the department upon demand of such representative.

 - (1) Take the found stray animal to the department to be scanned for an electronic animal identification device (EAID) and checked for a tattoo. An exception to this requirement is for the potential adopter to take the dog or cat to a local veterinarian or another animal shelter to be scanned for an EAID and checked for a tattoo. Proof must be presented to the department that these requirements have been met.
 - (2) Provide the department with clear identifying color photographs showing the animal from a side view and a front view. It is also required that the potential adopter place a “found” advertisement in at least one social media platform.
 - (3) Complete an official department “found” form which provides all appropriate identifying information for the animal.
 - (4) If the animal becomes injured or sick while under the potential adopter’s care, that person shall be required to pay all necessary veterinary expenses. If the adopter does not wish to pay for the needed treatment, the animal must be relinquished to the department. The potential adopter shall lose all rights and claims to the animal.
 - (5) All potential adopters must agree to relinquish the found dog or cat to its rightful owner after proof of ownership has been demonstrated and/or until such time as the department approves and releases the animal to the new adopter. All potential adopters will also relinquish the found dog or cat to the department upon request.
 - (6) A person may become the licensed owner of such an animal pursuant to this section, provided the following requirements are also met:

Extensions may be granted by the department for reasonable requests. Any deviation from these adoption requirements by the potential adopter will void the adoption.

At its discretion, the department may refuse an adoption of an animal if it is determined that the adoption is not in the best interest of the animal or the health, safety and general welfare of the public.

Sec. 14-50. Sterilization.

- (a) All dogs and cats adopted from the county shall be sterilized by a veterinarian before adoption, except when a veterinarian determines that sterilization would endanger the animal's health due to its age, infirmity or illness.
- (b) A dog which is impounded two times while at large within a 24-month period shall be sterilized before it may be redeemed for the second time, except when the Department's staff veterinarian determines that the sterilization would endanger the animal's health due to its age, infirmity or illness.
- (c) For the purposes of controlling pet overpopulation and ensuring all animals adopted from the county are sterilized in an expeditious manner, the county shall be considered the legal owner of: all stray dogs that remain in the shelter three days after intake/impound (i.e., on the third day sterilization may take place) unless positive, traceable ownership may be indicated by a registered microchip, city tag or private id tag; and all stray cats upon intake/impound unless positive, traceable ownership may be indicated by a registered microchip, city tag, other form of traceable permanent identification, or private identification tag. At any time that a dangerous dog is not so confined, the dog shall be muzzled and restrained in such a manner as to prevent it from biting or injuring any person or dog, and kept on a substantial chain or leash by a person able to exercise control over the dog. The muzzle must be made in a manner that will not cause injury to the dog or interfere with its vision or respiration but will prevent it from biting any person or dog. However, the foregoing requirements of this subsection do not apply:
 - a. When the dog is in attendance at and participating in any dog show, contest, or exhibition not prohibited under F.S. § 828.122, as may be amended, and sponsored by a dog club, association, society, or similar organization.
 - b. While the dog is being transported within the cab or passenger portion of any motor vehicle, provided the vehicle has a roof, and the dog cannot escape through an open window.

In the event of the dog's death, the owner shall provide to the department satisfactory evidence (as determined by the department) of the dog's death. If the dangerous dog is sold or given away, the owner shall provide to the department the name, address, and telephone number of the new owner of the dangerous dog. The new owner shall, within 14 calendar days after receiving the dog, execute a new document to be supplied by the department, acknowledging that he or she is aware of the dangerous dog classification, and agreeing that the new owner shall comply with all of the requirements of this article.

(d) *Evidence.*

- (1) In any hearing before a hearing officer, irrelevant, immaterial, or unduly repetitious evidence shall be excluded. All other evidence of a type commonly relied upon by reasonably prudent persons in the conduct of their affairs shall be admissible, whether such evidence would be admissible in a trial in the courts of the state. Any part of the evidence may be received in written form, and all testimony of parties and witnesses shall be made under oath. Hearsay evidence may be used for the purpose of supplementing or explaining other evidence, but it shall not be sufficient in itself to support a finding unless it would be admissible over objection in civil actions.
- (2) A party shall be permitted to conduct cross-examination when testimony is taken, or documents are made a part of the record.
- (3) The rules of privilege shall be effective to the same extent that they are recognized under state law.

(e) *Written determinations of the hearing officer.*

- (1) After conducting a hearing, the hearing officer shall issue a determination within 20 calendar days of the hearing.
 - (2) All determinations of the hearing officer shall be in writing, signed, and dated by the hearing officer, shall contain findings of fact and conclusions of law, and shall be served upon the owner by registered mail, certified hand delivery (signed receipt), or service in conformance with the provisions of F.S. ch. 48, as may be amended, relating to service of process.
- (f) *Obligation to pay hearing officer's fee; deposit.* The non-prevailing party shall be responsible for paying the hearing officer's fee in full. When filing a written request for a hearing, the owner shall provide a deposit in the amount established by resolution as security for payment of the hearing officer's fee. If the owner prevails in the hearing, the deposit shall be returned in full. If the owner does not prevail, and the hearing officer's fee exceeds the deposit, the owner shall pay the difference within ten business days after written demand is made by the hearing officer or department. If the owner does not prevail, and the deposit exceed the hearing officer's fee, the department shall return the excess deposit to the owner within ten business days after paying the hearing officer's fee.
- (g) *Failure to appear before hearing officer.* Once a hearing is scheduled, failure to appear before the hearing officer may, at the discretion of the hearing officer, result in dismissal of the hearing with prejudice, in which case the initial classification by the department shall stand and the dog shall be classified as aggressive or dangerous.
