OPUS Project Title:

Duration: Multi Year

Proposed Abstract (Project Scope of Work): This is a continuation of a 2016 project expanding the Office of the Public Defender's Pinellas County Jail Diversion Program. The Public Defender and WestCare GulfCoast-Florida, Inc. propose to work in partnership with Pinellas County and the Public Safety Coordinating Council to administer a CJMHSA Reinvestment Grant of \$1.2M over 36 months.

This unique diversion project will offer a structured shelter/treatment program to eligible adults who have a substance use or co-occurring mental health disorder and have been charged with a crime.

Benefit Summary (How will this benefit the County, Dept, etc?): The primary goal of the program is to divert high-risk individuals (high systems users) from arrest, prosecution, or incarceration to treatment and support services. Anticipated outcomes include a decrease in recidivism, relapse, and risk factors/behaviors; and increases/improvements in employment, housing stability, self-sufficiency, overall health, and social connectedness, among others.

The proposed expansion is needed because the Office of the Public Defender reports that the volume of eligible individuals (chronic inebriates with co-occurring behavioral health disorders) exceeds the capacity of its current Jail Diversion program.

Director Approval (Attach):

Is the proposal submitted for a different Department?: No

If submitting for a different department, what is that department name?:
