PROJECT NAME: Whitney Road at Wolford Road Intersection Improvements

PROJECT LIMITS: Sapphire Lane to Hidden Springs Place

COUNTY PROJECT IDENTIFICATION NO.: 002109A

THIS JOINT PROJECT AGREEMENT (Agreement) made and entered into on the day of _____, 20____, by and between Pinellas County, a political subdivision of the State of Florida, hereinafter the “County”, and the City of Largo, Florida, a municipal corporation of the State of Florida, hereinafter the “City” (collectively, Parties).

WITNESSETH, That:

WHEREAS, the County intends to construct intersection improvements on Whitney Road at Wolford Road (County Project No. 002109A or Project), which will call for the adjustment, relocation and/or installation of the City’s utility facilities along, over and/or under the Project (Utility Work); and

WHEREAS, the County’s plans for the Project have been reviewed by the City and the City has had the opportunity for input into said plans; and

WHEREAS, the County and the City have determined that it would be to the best interest of the general public and to the economic advantage of both Parties to enter into this Joint Project Agreement for the Utility Work to be accomplished by the County’s contractor as part of the construction of the Project; and

WHEREAS, the City has expressed its desire to assume all reasonable and necessary costs to be incurred for this Utility Work and has requested the County to include in said Project certain plans and specifications to meet the City’s needs.

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) each to the other in hand paid, the receipt whereof is hereby acknowledged, and in further consideration of the mutual covenants hereinafter contained, it is agreed by the Parties as follows:

1. Utility Work

The City’s Utility Work within the limits of the Project is more specifically described as the replacement, relocation or adjustment of a sixteen inch (16”) reclaimed water main that is in conflict with the proposed intersection construction improvements as part of County PID No. 002109A, located on **Whitney Road at Wolford Road**.

2. Funding

2.1 The County will be responsible for the bidding and award of the construction contract for the Project and will include the Utility Work as a separate option item in its bidding document. After the County receives, opens, and evaluates the bids, the County will notify the City, in writing, of the County's intent to award the contract ("Notification"). This Notification will include the amount for the Utility Work option. The bid will be awarded based upon the bids received for the Project excluding any Utility Work options. The City will have fifteen (15) days from receipt of the County's notification to request, in writing, that the County delete the Utility Work option from the County's award of bid/construction contract, and to notify the County of the City's intent to perform the Utility Work with the City's own forces or its own contractor. In order not to delay the construction of the Project, the City must show that it is ready and able to perform all Utility Work prior to requesting that the County delete the Utility Work option from the contract award. The City does not have the right to delay or affect, in any way, the award of the contract. In the event the City, in performing the Utility Work causes a compensable delay to the County's construction of this Project, the City will pay all claims and costs incurred due to its delay.

2.2 The City hereby certifies that funding for the preliminary estimated Utility Work cost (Exhibit A) of one hundred ninety eight thousand four hundred seventy-eight and 50/100 Dollars (\$198,478.50), plus five percent (5%) for County construction/contract administration/compaction and backfill testing costs of nine thousand nine hundred twenty-three and 92/100 Dollars (\$9,923.92), for a total cost of two hundred eight thousand four hundred two and 42/100 Dollars (\$208,402.42), has been appropriated and is available for deposit into an interest bearing escrow account for the purpose of payments by the County to the contractor on the City's behalf. The deposit will be due to the County no later than thirty (30) days from the date of Notification of the County's intent to award the construction contract. If the Utility Work option portion of the contractor's bid selected by the County for performance of the Utility Work exceeds the amount of the preliminary estimated Utility Work, then subject to and in accordance with the limitations and conditions established by Subparagraph 2.1 hereof regarding the City's option to remove the Utility Work, the City will deposit an amount with the County which equals the total option item plus 5% of that amount for County construction/contract administration/compaction and backfill testing. Interest will accrue on the deposit balance and be used toward the cost of the Utility Work. In the event the final, actual cost of the Utility Work is less than the amount the City deposited, including all interest earned, but excluding the 5% for County construction/contract administration/compaction and backfill testing of the actual construction costs, the County will reimburse the City any excess escrow account funds. Should contract modifications occur that increase the cost of the Utility Work, or the estimated quantities of items provided by the City in Exhibit A are exceeded, the City will be notified by the County accordingly. The City will pay the County within thirty (30) calendar days of notification by the County to ensure that cash on deposit with the County is sufficient to fully fund the cost of the Utility Work. The County shall notify the City as soon as it becomes apparent the actual costs will overrun the award amount, and the City shall pay for the cost overruns (plus 5% administrative fee) within thirty (30) calendar days of notification by the County. However, failure of the County to so notify the City shall not relieve the City from its obligation to pay for the full cost of the Utility Work.

All deposits due to the County referenced in Section 2.2 above shall be mailed to:

Finance Division Accounts Receivable
Pinellas County Board of County Commissioners
P. O. Box 2438
Clearwater, FL 33757
