Personal Recovery is a Community Effort !

None of us showed up on a winning streak,
and none of us overcame our crippling
dependence on mind altering substances
without a host of friends, family, and
societal support.

Recovery Epicenter Foundation (REF) 501-c3

The Recovery Epicenter Foundation,
Recovery Community Organization
(RCO) has been serving the Tampa
Bay Region since 2017

Our Mission

Empowering individuals by eliminating personal, societal, and institutional barriers to sustained recovery from substance misuse. We actively practice harm reduction strategies that embrace all pathways to recovery. Through connections with direct peer support services from persons with lived experience, we reduce stigmas associated with surviving an addiction one person and one family member at a time.

Our Vision

A community where every person, regardless of their chosen pathway to recovery, experiences dedicated support, understands their inherent worth, and overcomes obstacles to achieve long-term recovery and lasting well-being.

Values Statement

We believe that by sharing our unique journeys, we will inspire, empower, and uplift those around us, fostering positive change and paving the way for a brighter, more hopeful community. Together, we harness the power of our collective experiences to make a meaningful impact in the lives of many.

Peer Support Services

Recovery is a process of continual education

The Catchers Mitt

(Peer Respite Center)

REF's peer respite center provides short term stabilization to people who used to fall through the continuum of care gap. We accept those who do not meet the medical threshold for care and or do not have the means to check themselves into a private facility. - Direct # 727-223-3453

Greater than 5%

(Narcans Distribution)

Directly contributing to the drop in fatality rates from opioid overdoses, we are saturating the community with Narcan.

Recovery Homeless Outreach

(Recovery Starter Kits)

REF schedules monthly days of service in Pasco and Pinellas for the community to give back to those most affected by the opioid epidemic.
