Description & Comments

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

This was an action arising from a dispute regarding an agreement Pinellas County entered into with Tampa Contracting Services, Inc. (TCS) to construct the Lake Seminole alum injection project.

On July 18, 2017, the Board approved the settlement agreement reached in mediation by all parties in this case. That settlement agreement provided that the parties would execute mutual releases and upon the execution of this release agreement, TCS will pay to the Board the sum of \$25,000.00.

It is the second memo regarding a mediated settlement between two companies regarding Lake Seminole – the first was Environmental Research & Design and that release agreement is coming before the board on 11/28/17 – Legistar 17-867D.
