Date/Time/Comments: 03/27/2016 Gina Harvey This MOU with FDOT is a Pass through agreement to TVAC for improvements to landscaping and maintenance. County will use JOC contractors to do installation work due to small size of project 1 million over 10 years. TVAC will be performing maintenance. TVAC has a current agreement with County that has no insurance requirements but does have indemnity wording in favor of County. Copy of agreement is attached.

NOTES: The FDOT is providing grant funding in the amount of \$1 million on a reimbursement basis for the design, purchase, installation and inspection of plant material for this project. The maintenance agreement is effective for a ten (10) year period, with the option of ten (10) year renewals thereafter. This grant will serve as a pass-through grant to the Tierra Verde Community Association (TVCA) for the Pinellas Bayway beautification project. The County currently has an ongoing highway landscape maintenance agreement in place with the TVCA to define their responsibilities for landscape maintenance for the Pinellas Bayway/SR 679 beautification landscape project.
