**Date/Time/Comments:** 01/17/2016 Agreement is resolution to accept Grant Funding for new airport structure. There are no insurance requirements.

**NOTES:**

The JPA will help fund a New Airport Maintenance Building to replace the existing forty-year old maintenance facility located on 46th Street south of Roosevelt Boulevard. The new 6,000 square-foot airport maintenance building will be constructed on the perimeter of the airfield. The new location will increase efficiency by providing Airport Facilities personnel with direct access to the airfield and terminal building and help to enhance efficiency, particularly once the new elevated Gateway Express toll-road is constructed over Roosevelt Boulevard.
