**April 09, 2019**

Mr. Woodrum  
Pinellas County EMS & Fire Administration

Dear Mr. Woodrum,

I would like to recommend Dr. Matthew Nelson as my alternate provider on the EMS board as Dr. Ball is resigning from this position due to scheduling conflicts. I have worked with Dr. Nelson for several years now and can attest to his commitment for quality patient care. He has obtained a baccalaureate degree in Emergency Health Services as well as his paramedic certification from the University of Maryland. Dr. Nelson had prehospital experience as an ALS provider prior to entering medical school. He does have a significant interest in prehospital care and I believe he will be engaged in the committee.

This consideration is appreciated.

**Regards,**

Stephen S. Feilinger MD, FACEP, FAAEM
