Virtual Office Hours: October 2024

Throughout October 2024, the Florida Department of Environmental Protection's Resilient Florida Program will hold Virtual Office Hours to offer assistance related to grant reporting and invoicing to current Resilient Florida grantees. The Virtual Office Hours will be held once weekly via Microsoft Teams (further information provided below).

- **Current Grantee Assistance:** These Virtual Office Hours will be a time where team members from the Resilient Florida Program Grants, Budget, GIS, and Field sections, will be available to answer questions related to your current Resilient Florida grant progress reporting, deliverable submissions, and payment requests. Grantees are encouraged to take advantage of this opportunity to have project-specific questions answered and to connect with the Resilient Florida Program team!
- **Please note:** There will not be a formal presentation during these office hours, nor is attendance required.

How to Attend the Virtual Office Hours:

WHEN: Every Wednesday in October 2024, 10:00 – 11:00 a.m. EST

Grantees will receive a Microsoft Teams link for the Virtual Office Hours via email as we get closer to next fiscal quarter.

Please contact ResilientFloridaGrants@FloridaDEP.gov if technical assistance is needed with joining the office hours.

Please contact ResilientFloridaGrants@FloridaDEP.gov with any grant questions.

The Resilient Florida Program includes a selection of grants that are available to counties, municipalities, special districts with specific responsibilities and regional resilience entities. To effectively address the impacts of flooding and sea level rise that the state faces, eligible applicants may receive funding assistance to analyze and plan for vulnerabilities, as well as implement projects for adaptation and mitigation.

Please refer to [section 380.093, Florida Statutes](#), for more information on the eligible project and grant types and the requirements to apply.

Applications submitted for funding consideration require a comprehensive evaluation to ensure that funds are allocated timely and appropriately and pursuant to Florida Statute. Additional funding awards will be provided when they become available.

Sign up for general grant updates through the [Protecting Florida Together](#) grant portal.

Apply for a Grant

Visit the [Grant Application Portal](#) to submit an application to the Resilient Florida Program.

Planning projects: Applications accepted July 1 - Sept. 1, 2024.

- Communities that have yet to perform a vulnerability assessment pursuant to statutory requirements will be prioritized for funding.
- Projects will be funded with Fiscal Year 2024-25 funds.

Implementation projects to be included in the Statewide Flooding and Sea Level Rise Resilience

Plan: Applications accepted July 1 - Sept. 1, 2024.

- Local governments are eligible to apply for implementation project funding after conducting a vulnerability assessment, evaluation, report, or other similar document that demonstrates a risk of flooding or risks due to sea level rise to a critical asset or the project area.
- Projects will be funded with Fiscal Year 2025-26 funds.

Regional resilience entities: please contact Resilience@FloridaDEP.gov for more information on how to apply.

Projects Awarded under the Resilient Florida Grant Program

Visit the [Resilient Florida Grants Dashboard](#) to see all projects currently awarded (login not required).

- Grant files for awarded projects can be accessed via the "Oculus Documents Link" on a project's Grants Information page.

Fiscal Year 2021-22

- [Resilient Florida Grant Program Awards](#).
