REGULAR AGENDA

ITEMS FOR DISCUSSION FROM THE CONSENT AGENDA - None.

COUNTY ADMINISTRATOR DEPARTMENTS

20. Local State of Emergency.

Mr. Burton introduced the item, relating that it pertains only to extending the Local State of Emergency from June 23 to July 3.

Responding to Chair Gerard's call for public comment, the following individuals expressed their concerns:

Dawn Bohler, St. Petersburg
Dave Waddell, Clearwater
Patricia Cox, Largo
Elena Levine, Dunedin
Michael Fox, St. Petersburg
Barbara Walker, Palm Harbor
Yvette Gaugh, St. Pete Beach

A motion was made by Commissioner Justice, seconded by Commissioner Welch, that the order extending the Local State of Emergency be approved. The motion carried by the following vote:

Aye: 7 - Chair Gerard, Vice-Chair Eggers, Commissioner Justice, Commissioner Long, Commissioner Peters, Commissioner Seel, and Commissioner Welch

Resolution No 20-53 adopted extending the Local State of Emergency established in Resolution No. 20-16 until 3:00 P.M. on July 3, 2020.

21. Emergency Ordinance requiring face coverings.

Chair Gerard related that over 800 e-mails were received by the Commission regarding the proposed ordinance and as many as possible have been read, noting that it is not necessary for those citizens who have already written on the matter to comment during the meeting. Mr. Burton indicated that the measures proposed in the ordinance, such as mask wearing, social distancing, and limiting large gatherings in bars and restaurants, intend to address the continuing spread of COVID-19 in the community, demonstrated by the rising number of positive cases; whereupon, he provided an overview of three ordinance versions presented to the Board for consideration.

Department of Health in Pinellas County Director Dr. Ulyee Choe provided an update regarding the COVID-19 data trends, including case counts, deaths, and percent positivity, indicating that the metrics reflect a steep increase; that test positivity has reached 12 percent; and that occupancy of Intensive Care Unit and hospital beds has also increased. He discussed the importance of protecting the vulnerable populations, taking precautions such as wearing masks in combination with social distancing, and limiting large gatherings to no more than 50 people, stating that mask wearing has been advised by Florida Surgeon General Dr. Scott A. Rivkees and the Centers for Disease Control and Prevention; and that there is an increasing amount of medical literature regarding its effectiveness in protecting the general public from the virus spread; whereupon, he cautioned that continuing upward trends may ultimately overwhelm the healthcare system.

Responding to query by Chair Gerard, Mr. Burton provided information relating to the Governor's recent press release; whereupon, discussion ensued among the members, Dr. Choe, Emergency Medical Services Medical Director Dr. Angus Jameson, District Six Medical Examiner Dr. Jon Thogmartin, and Sheriff Bob Gualtieri regarding the following topics:

- Possible lingering health effects of the virus
- Exponential case growth
- Enforcement of the proposed ordinance
- Need for recognition of the seriousness of the problem by the public and voluntary compliance with the rules
- Increased death count; average age of the deceased
- Importance of mask wearing in indoor spaces where social distancing is an issue

- Mask wearing effects on health and effectiveness against the virus spread
- Hospital capability tracking and surge plans
- COVID-19 impacts on the human body as seen through autopsies
- Ordinance provisions regarding indoor capacity limit, violation penalties, and various face covering requirements and exceptions
- Factors contributing to the virus spike
- Contact tracing

Attorney White stated that the proposed measures were presented in the form of an emergency ordinance to reflect the Commissioners' preference for civil penalties associated with potential violations; and that in order to pass the ordinance today, notice provisions set forth in Chapter 125 of the Florida Statutes, which were not followed due to the emergency nature of the topic, must be waived first; whereupon, she recommended receiving public comments as to the notice waiver and the ordinance prior to taking action on those matters.

Meeting Recessed: 6:58 P.M.

Meeting Reconvened: 7:30 P.M.

Responding to query by Commissioner Eggers, Attorney White explained that the effective date and duration of the ordinance are based on the Local State of Emergency, noting that repealing of the ordinance would involve a separate action by the Board.

During discussion, the members voiced concerns regarding the increasing COVID-19 case numbers, and Commissioners Long, Eggers, Justice, Welch, Seel, and Gerard expressed support for the most comprehensive “universal” version of the ordinance with regard to the face covering requirement. They indicated that their decisions are not partisan, but are based on the recommendations from the doctors and the best interests of the public health and safety; that wearing masks is important in protecting others; and that the ordinance provides exceptions for those who cannot wear them. Responding to queries by Commissioner Welch, Mr. Burton provided information pertaining to the availability and distribution of masks to the public.

Responding to queries by Commissioner Peters, Drs. Jameson and Choe explained the difference in function and effectiveness of face shields and masks. Commissioner Peters expressed her concerns regarding the safety and effectiveness of cloth masks and opined that there should be more handwashing signs in public restrooms; and that the ordinance should indicate that concealed weapon carriers can wear masks. She stated that she will not be supporting the ordinance and moved that should the masks be required, parents have discretion over children wearing them; and that shields be an allowable alternative to masks. The motion died for lack of a second, and Attorney White reminded the members that notice requirements must be waived before actions regarding the ordinance are taken.

Responding to queries by Commissioner Long, Attorney White recommended including the effective date of the ordinance in its language and clarified that the ordinance is countywide; and that government facilities are exempted, and Mr. Burton discussed options for informing the citizens of the ordinance.

Commissioner Welch moved, seconded by Commissioner Seel, that the notice provisions under Section 125.66(2), Florida Statutes, be waived; and that an emergency exists to justify the waiver. The motion carried by the following vote:

Aye: 6 - Chair Gerard, Vice-Chair Eggers, Commissioner Justice, Commissioner Long, Commissioner Seel, and Commissioner Welch

Nay: 1 - Commissioner Peters

Responding to queries by the members, Attorney White and Mr. Burton clarified that the universal version of the ordinance would apply to indoor public places only; and that churches and childcare facilities would be included.

During discussion regarding various amendments to the universal ordinance, Attorney White pointed out that no action needs to be taken on the individual amendments. After further deliberation, the members reached a consensus on amendments regarding the following matters:

- Parental discretion with regard to mask wearing for minors (using the language of the ordinance regarding mask wearing adopted in St. Petersburg)
- Modifying the social distancing exception currently under Section 3(2)c to be applicable only to groups of ten or less
- Inserting an exemption regarding religious rituals if social distance is maintained (using the language from the St. Petersburg ordinance)
- Modifying the definition of "face covering" to include the use of face shields
- Specifying that the ordinance will be effective on June 24 at 5:00 P.M.

Commissioner Peters stated for the record that while she supports the idea of wearing masks, she is against mandating it.

Commissioner Seel moved, seconded by Commissioner Welch, that the proposed ordinance be approved as amended. The motion carried by the following vote:

Aye: 6 - Chair Gerard, Vice-Chair Eggers, Commissioner Justice, Commissioner Long, Commissioner Seel, and Commissioner Welch

Nay: 1 - Commissioner Peters

Ordinance No. 20-14 adopted setting indoor public safety requirements, mandating that individuals wear a face covering in public indoor places, and establishing exceptions.

Meeting Recessed: 6:58 P.M.

Meeting Reconvened: 7:30 P.M.

- Not to exceed amount of \$30,000 to East Lake Recreation for upgrade of the Meadows Soccer Fields
- Not to exceed amount of \$25,000 to Palm Harbor Library for upgrade of the library entrance and carpeting

- Not to exceed amount of \$15,000 to PHCSA for installation of an electric gate at Pop Stansell Park entrance

Commissioner Eggers pointed out that after the allocation of the above amounts, the Municipal Services Taxing Unit fund would have a balance of approximately \$390,000 in unallocated funds; and that the request has been vetted by staff; whereupon, he moved, seconded by Commissioner Welch, that the request be approved.

Responding to Chair Gerard's call for persons wishing to be heard, Christa Dasher, Palm Harbor, inquired about the location and purpose of the gate to Pop Stansell Park, and Commissioners Eggers and Justice provided information in that regard.

During discussion and responding to Commissioner Peters' suggestion to postpone the item until additional details regarding the gate are obtained, Commissioner Justice opined that PHCSA Board requests undergo considerable deliberation by its members; and that he is inclined to approve the request today, and Chair Gerard agreed.

A motion was made by Commissioner Eggers, seconded by Commissioner Welch, that the item be approved. The motion carried by the following vote:

Aye: 7 - Chair Gerard, Vice-Chair Eggers, Commissioner Justice, Commissioner Long, Commissioner Peters, Commissioner Seel, and Commissioner Welch

PUBLIC HEARINGS

All public hearing items have been properly advertised. Affidavits of Publication have been received and are on file in the Board Records Department.

Public Hearing Items Nos. 45 through 49 were deferred to the meeting of July 21, to begin at 6:00 P.M. No one appeared in response to the Chair's call for persons wishing to be heard.

During discussion and responding to queries by the members, Attorney White clarified that if the members defer the hearings to a date certain, the public hearing notices would not need to be rerun in the newspapers to fulfill the legal advertising requirements; and that the Board of County Commissioners meeting notice posted on the County website would reflect the meeting location, noting that the Governor's order appears to continue allowing public participation both virtually and in person.
