Comments-- Hello,

As a longtime resident & business owner in Pinellas County i hope you rethink the proposed wage theft ordinance. We already have systems in place to deal with wage theft. Instead of duplicating a process already in place why not set aside funds for a legal aide? This way if someone says they're a victim of wage theft we help them utilize the systems already in place. We have a federal labor department for a reason & attorneys like Morgan & Morgan who gladly will take a case to court against a employer... We don't need more regulations & wasting tax payer money on a system already in place.
