and
DECLARATION OF RESTRICTIVE COVENANTS

THIS DEDICATION TO PUBLIC USE and DECLARATION OF RESTRICTIVE COVENANTS ("DDRC") is between the **FLORIDA COMMUNITIES TRUST** ("FCT"), a non-regulatory agency and instrumentality within the State of Florida Department of Environmental Protection ("Department"), and **The City of Dunedin, Florida**, a Florida Municipal Corporation, and **Pinellas County**, a Florida Political Subdivision ("Recipients").

THIS DEDICATION TO PUBLIC USE AND DECLARATION OF RESTRICTIVE COVENANTS IS PURSUANT TO THE FOLLOWING:

WHEREAS, this DDRC is to impose terms and conditions to implement the provisions of Sections 259.105, 259.1051 and Chapter 380, Part III, Florida Statutes ("F.S.");

WHEREAS, Chapter 380, Part III, F.S., (the "Florida Communities Trust Act"), creates FCT, a non-regulatory agency within the Department, to assist local governments to implement the conservation, recreation and open space, and coastal elements of their comprehensive plans, conserve natural resources, and resolve land use conflicts. The FCT is empowered to provide financial assistance to local governments and nonprofit environmental organizations to carry out projects and activities authorized by the Florida Communities Trust Act;

WHEREAS, FCT is funded through the Florida Legislature to provide land acquisition grants for community-based conservation and recreation projects, urban open spaces, parks, and greenways;

WHEREAS, FCT has approved the terms under which the Recipients acquired the land described in Exhibit "A" ("Project Site") and has approved a grant supporting that acquisition. Consequently, the Project Site is subject to the restrictions set by the Florida Communities Trust Act and by Rule 62-818.009(1), Florida Administrative Code ("F.A.C.");

WHEREAS, this DDRC provides covenants and restrictions sufficient to ensure that the use of the Project Site complies with Section 9, Article XII and Section 28, Article X of the Florida State Constitution and Section 375.051, F.S., and it contains clauses providing that title to the Project Site will be conveyed to the Board of Trustees of the Internal Improvement Trust Fund (“Trustees”) upon the failure of the Recipients to use the Project Site for the required purposes; and

WHEREAS, the purpose of this DDRC is to dedicate the property to public use and set forth the covenants and restrictions that are imposed on the Project Site subsequent to FCT disbursing Florida Forever funds to the Recipient.

NOW THEREFORE, in consideration of the mutual covenants and undertakings set forth herein, and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, FCT and the Recipient agree as follows:

I. PERIOD AND APPLICABILITY OF DEDICATION TO PUBLIC USE AND DECLARATION OF RESTRICTIVE COVENANTS

Pursuant to the requirements of Section 380.510(3)(d), F.S., the Project Site (as more fully described in Exhibit A) is hereby dedicated in perpetuity to the use of the general public for conservation, outdoor recreation, and related activities. If the Recipient uses the property for other than conservation or recreation or allows a third party to do so, title to the property shall immediately vest in the Board of Trustees of the Internal Improvement Trust Fund.

This DDRC begins upon execution by both Parties. The covenants and restrictions contained herein will run with the Project Site and will bind FCT and the Recipient and their respective successors and assigns.

II. MODIFICATION OF DEDICATION TO PUBLIC USE AND DECLARATION OF RESTRICTIVE COVENANTS

Either Party may request modification of the provisions of this DDRC at any time. FCT will review any changes requested by the Recipient to ensure that the requested changes will not violate the statutes, rules, or other regulations governing the FCT program. Changes that are mutually agreed upon will be valid only when reduced to writing, signed by the Parties, and recorded in the public record.

III. RECORDING AND APPROVAL OF DEDICATION AND DECLARATION OF RESTRICTIVE COVENANTS

Upon execution by the Parties hereto, the Recipients will cause this Dedication and Declaration of Restrictive Covenants to be recorded and filed in the official public records of **Pinellas County, Florida**, within thirty (30) days of execution and in such manner and in such other places as FCT may reasonably request. The Recipient will pay all fees and charges incurred in connection therewith.

1. If Recipients seek to transfer title to the Project Site, FCT must pre-approve the transfer. FCT will enter into a new DDRC with the transferee to ensure the Project Site remains dedicated to conservation, outdoor recreation, and related activities, and to protect the interest of the State of Florida.

2. The Recipients cannot use the interest acquired by the Recipients in the Project Site as security for any of Recipients' debt.

3. If the Recipients fail to remedy a violation of any essential term or condition of this DDRC, or if the existence of the Recipients terminates for any reason, title to all interest in the Project Site acquired with state funds will automatically vest in the Trustees unless FCT negotiates an agreement with another local government or nonprofit environmental organization that agrees to accept title to and manage the Project Site.

4. If the Project Site is damaged or destroyed, the Recipients will deposit any insurance proceeds with FCT. The Recipients must rebuild, replace, repair, or restore the Project Site consistent with this DDRC and the terms of the original grant. FCT will make the insurance proceeds available to the Recipients to provide funds for restoration work. If the Recipients fails to complete the rebuilding, repair, replacement, or restoration of the Project Site after notice from FCT, FCT has the right, in addition to any other remedies at law or in equity, to use those proceeds to repair, restore, rebuild, or replace the Project Site to prevent the occurrence of a default.

5. If title to the Project Site, or any part thereof, is taken by a governmental body through the exercise or the threat of the exercise of the power of eminent domain, the Recipients must deposit the condemnation award with FCT. The Recipients must rebuild, replace, repair, or restore the Project Site consistent with this DDRC and the terms of the original grant. FCT will make the condemnation award available to the Recipients to provide funds for restoration work. If the Recipients fails to complete the rebuilding, repair, replacement, or restoration of the Project Site after notice from FCT, FCT has the right, in addition to any other remedies at law or in equity, to use those proceeds to repair, restore, rebuild, or replace the Project Site to prevent the occurrence of a default.

6. FCT has the right to seek specific performance of any of the covenants and restrictions of this DDRC concerning the construction and operation of the Project Site.

VI. MANAGEMENT OF PROJECT SITE

1. The Project Site must be managed only for the conservation, protection, and enhancement of natural and historical resources and for compatible passive, natural resource-based public outdoor recreation, along with other related uses necessary for the accomplishment of this purpose. The proposed uses for the Project Site are specifically designated in the Management Plan approved by FCT, which is hereby incorporated by reference. A copy of the Management Plan can be obtained by contacting FCT per Section IV.

2. The Recipients will ensure that the future land use designation assigned to the Project Site is a category dedicated to open space, conservation, or outdoor recreation uses, as appropriate. If an amendment to the applicable comprehensive plan is required, the Recipients will propose the amendment at the next available comprehensive plan amendment cycle. The Recipients will provide FCT with documentation of the change.

3. The Recipients will ensure that all activities under this DDRC comply with all applicable local, state, regional, and federal laws and regulations, including zoning ordinances and the adopted and approved comprehensive plan for the jurisdiction.

7. If archaeological and historic sites are located on the Project Site, the Recipients must comply with Chapter 267, F.S. The collection of artifacts from the Project Site or the disturbance of archaeological and historic sites on the Project Site are prohibited unless prior written authorization has been obtained from the Department of State, Division of Historical Resources.

8. As required by Rule 62-818.013, F.A.C., each year after FCT reimbursement of Project Costs the Recipients will submit to FCT an annual stewardship report documenting the Recipients' progress in implementing the Management Plan. The initial stewardship report will document any necessary change to the future land use designation for the site. Once the Project Site is fully developed as outlined in the approved Management Plan, the Recipients may request transition to five-year stewardship report reviews pursuant to Rule 62-818.013, F.A.C. In addition to the annual stewardship report, the Recipients must report any revenue generated on the Project Site by July 31st of each year. The Recipients will report revenue on a form approved by FCT staff.
