Mask ordinance	Please keep the mask ordinance . Until we have an effective vaccine we need to be vigilant and protect ourselves during this pandemic. Not only will many more people come down with Covid but the economy will suffer as many of us will not go out to shop . masks	<p>Dear Commissioners,</p> <p>This is from the Tampa Bay Times:</p> <p>“Commissioners cited the county’s decline in new cases and hospitalizations since they adopted the mask ordinance on June 23, and how over the past two weeks, positivity rates of those tested have stayed below 4 percent.”</p> <p>In other words, the mask ordinance is working. Should we eliminate an ordinance that is working. In this case, working means preventing disease and death. Eliminating the ordinance means allowing more disease and death.</p> <p>I could mention that when stores require everyone to wear masks, most of us are more willing to patronize those stores. When staff and customers don’t have to wear masks, most of us will just not patronize stores.</p> <p>But the real issue is that we should be doing what prevents disease and death. (Duh!)</p> <p>Please keep the mask ordinance.</p> <p>Sincerely,</p>	John Dennis McGreen	1689 Hamilton Court	Dunedin	34698	973-349-0125	jdennism@gmail.com	2020-10-01 21:22:12
Face Mask	I want to thank you for keeping the face mask ordinance in place. I am 66 and have medical conditions that make my chances of getting extremely ill from Covid real. Since the face mask mandate has been in place, I feel safer going to stores. This means that I stay longer and spend more money. I have also been shopping at a variety of stores. Without the ordinance/mandate, I would spend less money. No one is having their rights taken away. This is a safety issue not a rights issue. People have to wear seat belts, are not suppose to speed, and etc. Please help keep me and others like me safe. Mask ordinance	<p>Covid 19 is declining BECAUSE of the mask wearing. How many people must suffer and perhaps die due to the commission voting to end the mask mandate. Covid 19 DID NOT magically disappear, as many would like to wish for and think it occurred. Please vote to keep the mask mandate.</p>	Linda and Gary Tucker	2288 Habersham Drive	Clearwater	33764	727-539-1789	limdajoj@verizon.net	2020-10-01 17:22:00
Face mask mandate	<p>Get rid of the mask mandate. Stop trying to run people's lives. That's not your job, that is not why you got elected. Your reputations are already tainted because of this crisis. And you have ruined hundreds of thousands of lives. Sounds like a new commission needs to be elected ASAP.</p> <p>Sincerely, An Ungrateful County Family and neighborhood</p>	Todd Polanowski	620 Lexington St	Dunedin	34698	4102622099	tpolanowsk@gmail.com	2020-10-01 17:10:15

Rescind ORDINANCE 20-14	<p>With the state's move into phase 3 of reopening, it's time to rescind Pinellas's face covering ordinance. On June 23, when this order went into effect, the number of daily new cases was 3,306. With the exception of 4 days, the Daily New Cases for the entire month of September were well below that. Daily deaths are now almost non-existent.</p> <p>EVERY employee I talk to at businesses I patronized, cannot stand having to wear masks for hours on end, day in and day out. They can't breathe. it's causing their faces to break out. It makes their job completely miserable. Those who say mask don't cause health problems are just virtue signaling.</p> <p>Now, the CDC has admitted that masks are completely ineffective at preventing virus transmission. All county and local mask ordinances need to be immediately rescinded.</p>	Bryan Vanderhoof	6822 22nd Ave N, #253	St Petersburg	33710	8134654567	djhoof@djhoof.com	2020-10-01 13:30:41

mask mandate	<p>To every commissioner, Pinellas county residents are sick and tired of the draconian mask mandates. There is no definitive proof that the masks do anything to protect the people. The so called experts change their tune at every turn. While it is sad about the deaths the rest of us need to return to our normal lives. We have never had to live with such drastic measures with other viruses. We need herd immunity, its quite obvious that many people are not susceptible. If you are a person who has underlying conditions it should be up to them to protect themselves from the illness. This is ridiculous.</p> <p>Carol Prezioso</p>	carol prezioso	6255 43rd ave n	kenneth city	33709	7274593344	cp13@tampabay.rr.com	2020-10-01 10:35:03
SOE Extension	<p>The way you have handled the SOE extension with no discussion, dereliction of your duty to an unelected bureaucrat, and no discussion of criteria used in the decision is a likely a violation of SOE law and certainly a violation Florida Sunshine law. Not one of you was even curious as to what criteria was used to extend this? The single most important issue facing the county and your intellectual curiosity here is zero? You may have thought that silencing the people's input on the decision might have broken the resistance, but it had the opposite effect. It strengthened the resolve of the now THOUSANDS and growing numbers of residents that are tracking this. You indicated it would now need to be a regional decision. Someone should have informed Mayor Kreitzman, who issued his own extension under his own terms and ignored Pinellas (and frankly, State law). Anyway... you're forcing people to ignore you. More and more people are ignoring your non-tenable actions. This is no way to govern, and you have zero consensus. We're pushing the State to finish overriding you since you ignore your constituents. I've never seen people act as selfishly and darkly as you do.</p>	David Happe	850 E Lime St #2322	Tarpon Springs	34688		happearchive@gmail.com	2020-10-01 10:33:55
Masks - Repeal Ordinance 20-14	<p>Commissioners,</p> <p>With the State's Phase 3 now implemented, it is time to repeal Ordinance 20-14.</p> <p>Those who chose to wear masks can do so, but do not continue to mandate masks for businesses and citizens. As Pinellas County Commissioners, take the lead and eliminate forced masking of residents.</p>	John Stanton	125 Elm St	Clearwater	33765	7275314536	cfsbvs@hotmail.com	2020-10-01 10:23:20
Do we still need masks? Yes!	<p>Continue the mask requirement. The reason we are still having a COVID 19 problem is because we are not sufficiently controlling exposure. The quicker we do that, the quicker we can return to normal. That requires us to continue requiring the masks.</p>	Bruce Nissen	253 SUNLIT COVE DR NE	SAINT PETERSBURG	33702-322	7862080017	brucenissen@gmail.com	2020-10-01 10:00:35

Keep Mask Mandate	Thank you for implementing the mask mandate in Pinellas. This is keeping our Covid numbers down and allowing our businesses to stay open and populated. When you look at the positivity rates, it coincides with the mask mandate. Please keep this mandate until we have a vaccine or the virus has been eradicated. I have been so happy with your choice to keep our citizens safe and I hope you keep this up. We all want life to go on, and this is allowing us all to live, shop and keep our businesses open and thriving. Masks required indoors	I would like to see the mask mandate continue for indoors businesses. Many restaurants have decided not to move to Phase III to protect their customers and staff. From the numbers I've seen yesterday, there seems to be a slight uptick since Phase III was implemented. COVID protection	Please do not ease the requirements for masks in our community. The requirement to wear one when in public is a small sacrifice to keep our community safe. Although people can certainly make the decision to wear them independently, we know that some will only do that if it is required. Thanks for helping to keep the infection rate low!
