Date/Time/Comments: 10/2/2018 Grant award with the U.S. Department of Justice, Office of Justice Programs, Bureau of Justice Assistance for the Comprehensive Opioid Abuse Site-based Program Category 6. Grant award from USDOJ to Pinellas County is PE to PE. There are no insurance requirements.

NOTES: The Human Services Department will develop a Pinellas County Strategic Information Partnership to better provide timely and accurate data that provides a comprehensive view of the drug abuse environment in Pinellas County. Data is currently maintained in different agencies and are not integrated in a way that supports the policy and practice needs of public safety, public health, or behavioral health partners. However, Pinellas County is poised to have a stronger collaborative data sharing environment based on the previous work of the USF Data Collaborative and the recently produced Story Map for the Opioid Task Force.

The purpose of the proposed grant opportunity is to plan and implement comprehensive programs in response to the growing opioid epidemic. The goals of the program include real-time/timely data collection from key stakeholders to better articulate the current state of the problem, and improve communication for targeted outreach, enforcement, and education; cross system planning and data evaluation to better inform policy makers on targeted interventions; and to leverage resources for improved performance.
