Topic Whitney Road safety

BCC Agenda Date 11-15-2022

Your Stand on the Issue Support

Comments I would like to propose adding streetlights along Whitney Road. It is a dark and narrow heavily traveled road. I myself have had close calls with pedestrians and cyclists. Very dangerous stretch of road between US 19 and 58th street. Also speed is a major issue. I also propose putting up "your speed is" signs to alert drivers how fast they are going. Thank you.
