

December 17 2024.....This is my 8<sup>th</sup> appearance before you. It's one of many efforts I have made to alert the Commission of a great deal of money that has been stolen, and will be stolen from the People of Pinellas County[Type here] [Type here]

### THE SEASON

Twas the last meeting before Christmas and all thru the room a palpable feeling..... could it be glume?

For a vote is coming and cannot be put off, for many good new jobs might be wrenched.

The duty hangs o'er the seven deciders. Will we play ball or again be green benched.

So share seven coins and give them a flip, but after the vote you still have been ripped.

A great fortune is yours soon to collect. Just ask Ron Walker and join the select.

As I leave allow me to state a Merry Christmas is granted to all the thieves for their Christmas is paid for by you, with such ease.

By: Ron Walker

Whistleblower Extraordinaire

Poet Ordinaire,

Landline 727-953-8493

Cell.....727-366-4708

P.S. If the county is going to be put on the hook for 100s of millions of dollars, now, more than ever, the county needs a wise and effective municipal whistleblower ordinance. The ordinance will deter some thefts, expose other thefts and recover stolen money. Further the ordinance will encourage civic honesty.
