Subject: RE: GNC - ALSFR with Appendix A

it has been explained to me that "E-48" was changed to "Rescue 48" in Appendix A—i have no objection to that change--

Mayor – Chief Ehlers has asked for a written either letter or e-mail, your approval of the change. See below. Our legal department, Matt Smith, has reviewed and it is okay for you to approve.

Please advise either by e-mail or written letter.

Patty

Sir,
Could you have the Mayor approve the request below. The original had E-48 listed as a County funded unit which is incorrect. The one attached is the corrected version. Thanks

Chief,
We spoke with County Attorney. All we would need is an email/letter from Mayor Cretekos saying that the City is okay with the updated Appendix A. The full updated agreement is attached.

Please let us know right away if the City is not comfortable with this update.

Greg
