## Interests & Experiences

**State your background, including your education, work experience, civic or community organization memberships and positions, and any professional licenses or memberships, and explain how this applies to the function of the board, council or committee.**

I am a family practice PA (physician assistant) with 21 years of experience working as the lead PA of my company. Our family practice company cares for patients of all ages, predominantly Medicare Advantage patients. As the senior non-physician provider of the company, I have long been in charge of training the PAs and NPs that are hired to work for our practice. I have an extensive background in leadership at the local, state and national level for my profession, holding several positions of leadership over the years including President of the state PA academy (FAPA), Florida delegate to the national PA academy House of Delegates (AAPA) and chair of the AAPA Constituent Relations Committee. I remain an active member socially and politically within my state (FAPA) and national (AAPA) professional associations. I have been honored to be a member of the Suncoast Health Council since 2019, having seen the far reach of our Council's efforts to improve public health, education and social services to those who are most in need. It would be a great honor to be given the opportunity to return as a Council member for the 2025-2027 term. Thank you for your consideration.

## Interests & Experiences

**State your background, including your education, work experience, civic or community organization memberships and positions, and any professional licenses or memberships, and explain how this applies to the function of the board, council or committee.**

I have previously worked as a health care educator and registered nurse, with certifications in healthcare quality and risk management. I have served at the local, state (Michigan) and national level for several professional organizations. Although I have let my licenses expire, I remain up to date on accreditation policies for the healthcare industry. I have also acted as a consultant to physicians, outpatient and inpatient care facilities (including behavioral and acute care), and still act in that capacity when requested. Of course, I am a health care consumer myself with most of my experience related to HCA and Bay Care facilities as well as several private testing and physical therapy organizations.
