### Description & Comments

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

SES is requesting approval of the transfer of three vehicles from the Emergency Medical Services (EMS) Authority to the Pinellas County Sheriff.

- Tactical paramedics have been embedded with the Sheriff's Special Weapons and Tactics Team since 1986.
- On May 19, 2025, the County Administrator approved a new Memorandum of Understanding for the overall program which includes transferring the three tactical EMS vehicles to the Pinellas County Sheriff by September 30, 2025.
- The purpose is to improve efficiency by aligning operations and maintenance under the Sheriff's Office.
- The vehicles being transferred are a 2023 Ford Transit, a 2016 Chevrolet Suburban, and a 2005 Ford Excursion.
- EMS is no longer required to maintain said vehicles. The Sheriff shall be responsible for the maintenance, fuel, and repair of vehicles.
- Proof of title transfer to be provided by the Pinellas County Sheriff.
- This recommended approach ensures the continued public safety use of the assets. This item has no negative fiscal impact on Safety and Emergency Services and this fund will likely see a reduction in operating, maintenance, and fuel costs of approximately \$4,800.00 per year. The EMS Fund will also no longer be contributing to the replacement on one (1) vehicle through the Vehicle Replacement Program (VRP). Vehicle replacement funds that have been collected for the replacement of one (1) vehicle and will be credited towards future EMS vehicle purchases. The department is expecting to see a reduction of approximately \$6,560.00 annually in VRP contributions.
- The EMS Authority authorizes and directs staff to complete the transfer of the titles and complete all County surplus procedures.

#### **Fiscal Impact:**

Upon the transfer of these three (3) vehicles, the Emergency Medical Services (EMS) Fund will realize a reduction in operating, maintenance, and fuel costs related to these vehicles of approximately \$4,800.00 per year. The EMS Fund will also no longer be contributing to the replacement on one (1) vehicle through the Vehicle Replacement Program (VRP). Vehicle replacement funds that have been collected for the replacement of one (1) vehicle and will be credited towards future EMS vehicle purchases. The department is expecting to see a reduction of approximately \$6,560.00 annually in VRP contributions.
