Your Stand on the Issue	Oppose
Comments	Whereas the 'novel coronavirus' is no longer novel, but is in fact now manageable and known, and Whereas the term 'state of emergency' should be cautiously applied so as to retain any public trust in its application and Whereas many citizens are outraged at the government overreach being justified by this so-called emergency, I move that you as a local, governing body do everything in your power to protect your own County from such abuses of definitions and power, and that you vote no on this resolution. Thank you.

Comments	Leave Covid to the Governor and the professionals in his staff. He has more than adequate resources to handle the situation. I grow tired of your constant interference in the running of businesses and with the citizens of this county. You work for us and your job is to support us, not control us. I'm not interested in your opinion or the opinion of your so called professionals. You are engaging in this solely as a power play and i will remember that when it comes time for me to vote.

Comments	I do not want the extension to take place. My business has suffered immensely due to this and feel that as the summer months continue this virus will be contained. I am maintaining social distancing, sanitizing etc. and feel it should be personal preference should one want to stay home or not. Thank you!
