12) REMEDIES: If Buyer shall fail to make payments in accordance with the prices and terms specified herein, or be delinquent in any other payment owing to Seller, or if Buyer's financial condition at any time does not, in Seller's judgment, justify continuance of work or shipments on the original terms of payment specified herein, Seller may, in addition to all other remedies, require payment in advance for any further work or shipments hereunder or may terminate this Agreement. In the event of bankruptcy or insolvency of Buyer or any proceedings brought by or against Buyer under the Bankruptcy or insolvency laws, Seller at its option may cancel any order that is outstanding from Buyer. Seller shall not be liable for any costs or expenses incurred by Buyer in connection with any such claim unless such costs and expenses have been expressly approved in writing in advance by an authorized representative of Seller.

In the event any such claim of infringement is made, or in Seller's opinion and judgment likely to be made, Seller shall have the right, at its sole option and expense, to either procure for Buyer the right to continue using the product or program which is the subject of any such claim, or to replace the same so long as the replacement product or program shall not result in any such infringement. If Seller determines, in its sole opinion and judgment, that neither of the foregoing options are appropriate under the circumstances, Buyer shall, upon written request by Seller, return to Seller all such products and programs which are the subject of any such claim or potential claim, and Seller shall thereafter promptly remit to Buyer, in full and final satisfaction of all liability of Seller to Buyer with respect to such product and program, Buyer's un-depreciated net book value for such product plus reasonable transportation and delivery costs.

Seller's obligations with respect to any such infringement are and shall be limited to the foregoing obligations to defend, settle, remedy, replace, or reimburse Buyer therefore. SELLER SHALL HAVE NO LIABILITY FOR ANY CLAIM BASED UPON ANY COMBINATION, OPERATION OR USE OF ANY PRODUCT OR PROGRAM SOLD, LICENSED OR FURNISHED TO BUYER IN CONJUNCTION WITH ANY EQUIPMENT OR OTHER SOFTWARE PROGRAMS NOT SOLD, LICENSED OR FURNISHED BY SELLER, OR ANY SUCH CLAIM WHICH MAY ARISE AS A RESULT OF ANY ALTERATION OF ANY OF THE PRODUCTS OR PROGRAMS SOLD, LICENSED OR FURNISHED BY SELLER TO BUYER HEREUNDER OR UNDER ANY PURCHASE ORDER. To the extent any such product, or any part thereof, becomes the subject of a claim of infringement of a patent or copyright issued to or obtained by any third person pursuant to any applicable federal or state statute, Buyer shall indemnify and defend Seller from and against such claim and all losses, damages, costs and expense (including, without limitation, attorneys fees and related costs) incurred or suffered by Seller as a direct or indirect result of any such claim, all in the manner and to the extent provided in the foregoing indemnity provisions applicable to Seller.

This Agreement constitutes the entire agreement between the parties with respect to the subject matter hereof and no waiver, alteration or modification of any provision thereof shall be binding unless in writing and signed by an authorized representative of Seller. If any portion or clause of this Agreement is held invalid or unenforceable as to any person or under any circumstances, the invalidity or lack of application shall not impair or affect the other provisions and the application of those provisions which can be given effect without the invalid or unenforceable provision or application. With this intention, the provisions of this agreement are declared to be severable. All notices from one party to the other shall be in writing and shall be delivered in person, by facsimile, or sent by U.S. Registered Mail to each party at the address indicated herein, or at any other, upon notification of the change of address to the other in accordance with this provision.
