Applicant Name	Reappointment		Eligible		Comments
	Yes	No	Yes	No	
Tiffanie I. Reynolds		X	X		She has a strong marketing and public relations background which would be helpful, however, that is not the most critical need on the governance team at this time.
Darryl J. Henderson		X	X		His Chamber role in advising on topics relating to poverty issues, employment and affordable housing are areas that certainly align with our mission. At this time, given the current board composition, we could greatly benefit by having someone with experience addressing issues of poverty, employment and affordable housing in Clearwater and Pinellas County as a whole. His expertise would be extremely helpful in helping as we embark upon a new five-year strategic planning period. Our programs need a strategic focus in these areas and someone with his background and experience on the governance team is most critical at this time.

Qualification Requirements:

Per statute, the membership makeup is a tri-party board: one-third must be democratically selected representatives of low income individuals and families who reside in the geographic area; the second one-third must be elected officials holding office at the time of their selection or their representatives; and the final group is composed of business, industry, labor, religious, law enforcement, education, or other major groups and interest in the community served. The Board of County Commissioners appoints two public sector members. Seats are for a five year term but requires annual reappointment.
