My name is Rick Masi and it is with much anticipation and great excitement after waiting for many years to come to the realization that the county is considering taking control of the greater Seminole area recreational complexes. This is long overdue. I have been associated with youth sports and recreational activities in Seminole since the mid 70's. Over this long time period, there have been many discussions and rumours that this might happen. I recall back in 1990 representing SJWAA , I was one of two people that signed a 99 years lease with the county. Even back then, this was discussed. I was also appointed by the county commissioner as a commissioner of the Seminole Taxing District where I served until the taxing district was dissolved earlier this year. During all of this time, it has been my goal to do what is in the best interest for the Seminole community, and this is in the best interest. I could go on and on about the good that quality recreational facilities do for our youth and the entire community but you already know this and have heard it 1000 times. I strongly support a yes vote and encourage you to do so. Thank you for taking the time to read this. Best Regards For a Greater Seminole Rick Masi

Commissioners,

This is to ask that at your workshop this Thursday 12/7 you can discuss moving agenda item 23-1710A to be the first public hearing at 6pm. We will be bringing in support of the ordinance youth players from across our organizations.

Please consider our request so the children will not have to sit through the many public hearings on Tuesday's agenda

Respectfully,

Steve Siesel
