Topic City of Tarpon Springs Ordinance 20-32

BCC Agenda Date 3-9-2021

Your Stand on the Issue Oppose

Comments I urge the Board to deny this Tarpon Springs attempt to annex land in an environmentally sensitive area, currently zoned industrial. The city is misusing annexation to benefit private developers, especially in industrial and rural areas. The city should ONLY use annexation to establish Conservation Areas which will benefit the public. The area that the city wants to annex is environmentally sensitive by its proximity to the Anclote River. There is already too much development close to the river. This area urgently needs habitat restoration, not more dense development. Thank you for your consideration of this critical environmental issue.
