-----------------	--

Good Afternoon,

Here is the response from DEO regarding the recommendations from the County:

---

Good afternoon Jennifer,

The agreement draft with your editorial review was provided to our OGC and discussed with my management team.

Regarding the requested change to Section VI, the CLEO may choose not to access the information. However, it still has the obligation to ensure the LWDB complies with the safeguard requirements. That obligation is required by Federal regulation. **This requested change has been denied.**

Regarding the requested change to Section V.C., this change appears to be redundant but there is no issue with change.

Thank you for your assistance and understanding in this matter. Please let me know if you have any questions or concerns regarding the information shared here.

Have a wonderful day!
