Description & Comments

(What is it, any issues found, is there a financial impact to current/next FY, does this contract vary from previous FY, etc.)

This is for an award of bid and execution by the County Administrator of the standard services agreement with NDL, LLC dba Natural Designs Landscaping for roadway medians, right of ways, ponds and outparcels maintenance services. This contract provides grounds maintenance services of landscaped roadway medians, adjoining rights-of-way, related storm water mitigation ponds and County-owned outparcels on a cyclical basis, as request by the Public Works Department, Urban Forestry & Landscape Services Division.

Funding of the \$1,540,561.20 is the estimate not to exceed for 24 months split annually at \$770,280.56. The prior contract was included and consistent with the FY23 Adopted budget in the Transportation Trust fund. There should be sufficient dollars available in the Landscape Services cost center to cover the increase of 19.6% with this contract if the full amount of \$770,280.56 is spent by year end so no budget amendment should be needed.
